ROSES FOR OUTDOOR PLANTING

CULTURAL NOTES.

The cultivation of roses is as follows:

**The Soil**—The soil which best suits the Rose is a deep, nutritious loam containing an abundance of organic matter and without stagnant moisture. If these conditions are not to be had naturally, they must, as far as possible, be provided. In the first place, if drainage is not naturally good, it should be improved by raising the level of the soil a foot or two, and if it is not convenient to use tiles, about 5 or 6 inches of broken bricks or other rough material should be thrown in the bottom of the trench. In order to raise the level of the soil, the top of the surface should be placed a layer of well-decayed farmyard manure, then a light layer of soil, and another layer of manure, and this be repeated until the desired depth is attained. If the soil is to be kept loose and free from weeds, it is well to put a 4-inch layer of lime around the plants. The laying of a layer of lime beneath the soil will help to sweeten the soil.

**Pruning**—The shoots should be cut back until the soil is in a condition to receive the plants, as it is a great mistake to plant in wet soil. Teas and Hybrid Teas should be planted about 18 inches apart and the Hybrid Perpetuals 2 feet apart, keeping all manure away from direct contact with the roots when firming the soil around them and giving a thorough watering.

This close pruning does not apply to the Hardy Climbers or Ramblers; these should be shortened back if they have grown beyond the limits of the supports they are intended to climb, but it is important that they be pruned sufficiently to keep them in order and to get a good start in the spring. When so protected, even the most tender varieties, such as Hybrid Tea and the Floribunda, may be successfully grown out-of-doors in Canada, where thousands of them are to be found in the public parks.

There is a rose for every climate where people live in any considerable numbers. Wild varieties are found in Lapland and Labrador, and even the hardiest of the varieties that may be present. Unsightly terraces or bare spots in lawn or park or cemetery may be made a place of beauty with the creeping varieties.

What we mean by the word hardy is that the rose has played an important part. In the days of Oldenbury, it was a badge worn by whole armies. The badge of the House of Lancaster was the rose gules, and the rose ardent of the House of York, Henry VI, king of England, was surrounded and supported by the rose argent, with a red rose in his claim to the throne. Richard, Duke of York, had a better claim to the throne by descent and his adherents provoked one quarrel after another with the Lancasterians, in the hope of ultimately placing Richard on the throne. The personal emblem of the Duke of York was a white rose, which his followers adopted in the red Jessop family, mistress of the house of Lancaster, promptly adopted the red rose as its emblem. From this fact, the struggle between the two families for the throne of England was always known as the War of the Roses. Thus the rose played an important part in at least one war, a war which destroyed the flower of English manhood and every hope for the French to drive the English off the continent forever.

**Roses in the future**—In the rush of commercialism in the early days of the present industrial age seemed to sweep all sentiment, all love for the leisurely joy of growing things and enriching life and home with flowers, all of our lives. But the advent of universal prosperity, the coming of the thought that all the attainments the home is the most important, the setting down of America to enable and to assist itself in the way of roses. The general tendency back that old, dear, old longing, for the "vines over the door."

And never before has the great middle class been so favored where there or elsewhere. The modest backlot gardens in many cities have become veritable rose gardens. The woman of the housewife has a larger and better garden than that boasted by her Colonial grandmother. The rose has a great deal to do with this revival of the interest in floriculture. Hardy has done the service of the rose in the garden, and the expression of the desire for a shrub is planted or lawns established.

The rose stands for permanency. It has none of the disadvantages of the annual. It is not a harsh word, and must be planted again each succeeding spring. It endures from year to year, blooming each season and attaining a varying growth depending upon variety. It blooms the first season, if properly established and continued. The rose has been known to bloom for years. The Teas and Hybrid Teas are, as a general rule, continuous in the blooming habit, and one or two of the Hybrid Perpetuals may take the place of a rose in the garden.

There is a rose for every climate where people live in any considerable numbers. Wild varieties are found in Lapland and Labrador, and even the hardiest of the varieties that may be present. Unsightly terraces or bare spots in lawn or park or cemetery may be made a place of beauty with the creeping varieties. The rose is so named because of the skill in man can combine. It is not extraordinary, then, that the rose should have the universal place it holds in the hearts of so many people in all classes and all climates. It is the universal flower and its appeal in that direction is only indicative of its merits.

To dig and delve in nice clean dirt
Can do a mortal little.

To live amongst lush and growing things
Is like to give the spirit wings.

Who works 'mongst roses soon will find
Their fragrance budding in his mind.

And minds that sprout with roses free—
Well, that's the sort of mind for me!
Fashion changes with the ages. The rose was the queen of flowers to the ancients, just as it is today; but the rose leads all flowers, on account of its adaptability to every decorative purpose.

The Cream of the New Roses

We here offer what is good in the new Hybrid Tea Roses. To have what is good you must try these Roses. They are the best that England, France, Ireland, Italy, Holland and America produce.

HYBRID TEA ROSES

This is a class of recent creation, embodying the delicate shades and peculiar fragrance possessed by the Tea Roses combined with the vigor and more pronounced pink and crimson shades of color previously confined to the Hybrid Perpetual class. In our opinion the Hybrid Teas will supersede all others because of their superior constitution and marvelously free-flowering qualities. In a sentence, it may be said they combine all the better traits of the two classes from which they sprung, altogether a great advantage. Almost all are highly perfumed, an attribute absolutely essential to a perfect Rose. They are everblooming and hardy in all but the most rigorous climate.

AMERICA (H.T.)—A cross between Premier and Hoosier Beauty. Bud long, pointed; flower immense, very lasting, rose pink, fragrant. Foliage abundant, large rich green, disease resistant. Vigorous, very free bloomer. Thornless. Resembles Columbia, but superior in color and form of bud. 50 cents each; two-year plants, 70 cents each.

ANGELUS (H. T.)—Flower large, full (40 to 65 petals), form similar to Premier, but higher center, lasting; white, cream tint at center; fragrant. Foliage dark green, disease-resistant. Vigorous; upright; free bloomer. Similar to Kaiserin Augusta Victoria, but more double; blooms in winter, and keeps longer. 35 cents each; two-year plants, 55 cents each.

ANNIE LAURIE (H. T.)—Sport of Ophelia. Type, Mad. Butterfly. Bud large, long pointed; flower large, cupped, very double (forty petals), very lasting; flesh pink, edges deeper, golden yellow base extending a third of the petal; borne on long strong stem. Foliage abundant, large rich glossy green, disease resistant. Few thorns. Very vigorous, upright, bushy. Profuse and continuous bloomer; not hardy. 40 cents each; two-year plants, 60 cents each.

BETTY (H. T.)—Flower coppery rose, overspread with golden yellow, large, fairly full, fine form buds, very long, opening well, deliciously perfumed. Growth very vigorous, continuous blooming. A sterling rose. 35 cents each. No two-year plants to offer.

CAPT. F. BALD (H. T.)—Deep scarlet crimson, heavily flushed with blackish crimson; a very promising variety in a deep, rich color. 40 cents each; two-year plants, 60 cents each.

CAPTAIN KILBEE STUART (H. T.)—A vigorous growing variety, with dark olive foliage. The blooms are very large, of good shape, with broad petals, somewhat after the style of Edward Mawley. The color is a rich velvety crimson, shaded violet. 60 cents each. No two-year plants to offer.

CHARLES K. DOUGLAS (H. T.)—Bud large, long pointed; flower large, full, double, sweet fragrance; color, intense flaming scarlet, flushed, bright velvety crimson. Foliage dark green; disease resistant; vigorous, upright grower; produces an abundance of blooms from June to October. 40 cents each; two-year plants, 60 cents each.

CLAIRE DE ESCOFET (H. T.)—Flower very large, full, double, high centered, delicate flesh-white. Vigorous, upright. 50 cents each. No two-year to offer.
COMMONWEALTH (H. T.)—Bud large, long pointed; flower large, open, double, petals of deep pink, solid color, single, medium size, strong stem; moderate fragrance. Foliage sufficient, leathery, medium size, rich green, disease resistant. Few thorns. Vigorous, upright; continuous bloomer. 50 cents each; two-year plants, 60 cents each.

COMTESSE DE CASSAGNE (H. T.)—Flowers of varying color; ren coppery-pink shaded clear rose; sometimes comes purple yellow. Very large. Vigorous, semi-double; continuous bloomer. 40 cents each; two-year plants, 60 cents each.

COVENT GARDEN (H. T.)—Ric, deep crimson of splendid form, very full; a most promising red. 50 cents each. No two-year to offer.

CRUSADER (H. T.)—A big, strong growing variety, robust and rugged in every characteristic; the growth is heavy and the flowers stems strong and heavy. It is free flowering, and the blooms are large and of excellent color. A free flowering red Rose that is a wonder. 30 cents each; two-year plants, 50 cents each.

EARL GRAY (Double Richmond) (H. T.)—A beautiful rich salmon color with golden base, medium size. Vigorous, upright; continuous bloomer. 40 cents each; two-year plants, 60 cents each.

EARL HAIG (H. T.)—This rose reminds you of Earl of Dufferin the color, dark crimson, being almost identical with that old rose. Large, semi-double, of medium size and vigour, upright; the blooms are vigorous and well formed, very fragrant. 50 cents each. No two-year to offer.

EDIEL (H. T.)—Type; Florence Porrentruy; bud very large; flower very large, of deep pink color; delightful fragrance; opens well in the garden; of superb sweet fragrance. Color, white, with the faintest ivory shading toward base, passing to pure white. Foliage bold and distinct. Very vigorous, upright; continuous bloomer. 30 cents each; two-year plants, 50 cents each.

ELSIE BECKWITH (H. T.)—This is a very fine seedling (from Ophelia & Moonwoven Dora van Tets) of a vigorous, upright bush of salmon pink color; single; marked by stamens, petal petaled, are produced on strong stems. Not liable to damage by rain. Color a rich glowing rose pink. Foliage dark green, shining, with a very healthy texture. Not a rose to be grown in a garden. This is quite one of the best roses of the year, and a good all round sort for garden, bedding and under glass. It suggests a trip to the South of France. Mrs. Russell in commerce. 50 cents each. No two-year to offer.

ESME (H. T.)—Large, full flowers of creamy white, flushed carmine on back edge of petals; a fancy exhibition. 40 cents each; two-year plants, 50 cents each.

ETOILE DE HOLLAND (H. T.)—Flower bright red, medium size, fairly full, deliciously perfumed. Growth vigorous, upright. A cross between Generous and Macchie. 40 cents each; two-year plants, 60 cents each.

FRANCES GAUNT (H. T.)—Flower delightful favor, deep apricot blending to silvery flesh; globular cup-shaped bloom on rigid flower stalks; deliciously and strongly fragrant. Growth vigorous and branching, ideal varnished foliage; very floriferous. A fine rose for the garden. It is a rich rose-pink. 40 cents each; two-year plants, 60 cents each.

FRANK W. DUNLAP (H. T.)—Did you see it at the International Rose show at New York this past spring? Its record at the exhibition was: Winning silver medal for the best new pink Rose and gold medal sweepstakes for the best seedling in the show. Frank W. Dunlap was the finest flower in the exhibition. Claimed to be better than Mrs. Charles Russell. 30 cents each; two-year plants, 50 cents each.

GENEVA (H. T.; Dickson (H. T.)—Stiff-stemmed grower, with beautiful foliage, quite closely set, and globular. The flower is of medium size from a beautifully formed bud of bright golden yellow. Profuse bloomer. 35 cents each; two-year plants, 50 cents each.

HOOSIER BEAUTY (H. T.)—We use description of E. G. Hill Co., “If you need a more profitable red Rose than the one you are growing. Hoosier Beauty is the one for you. Its color is a lively, rich, deep red. A very beautiful variety that opens into a magnificent bloom, quite dazzling in velvety brilliance. We believe this Rose will make its mark as a garden favorite. 40 cents each; two-year plants, 60 cents each.

HORZELANUS BUDE (H. T.)—Color, dark red of fine shade. Foliage in great profusion throughout the summer; semi-double; just what the gardener greatly desires. 40 cents each; two-year plants, 60 cents each.

J. G. GLASSFORD (H. T.)—Very free, and branching in habit, of vigorous growth, with large, dark green foliage. Flowers of the largest size and of immense depth of petals, buds long and pointed, of great substance; color, deep crimson lake which holds well. Hugh Dickson considers this one of the finest roses that their firm has ever raised. 40 cents each; two-year plants, 55 cents each.

K. OF K.—KITCHENER OF KUWAIT (H. T.)—Flower of a clear, pure, intense scarlet color; its huge petals are smooth, solid scarlet, touret, semi-singe, the blooms are produced in great profusion throughout the season, and are deliciously perfumed. Very hardy. One of the best of all summer roses; one that will hold the highest place of admiration wherever it is grown. Named as a tribute of respect to, and admiration for, the British Army. 40 cents each; two-year plants, 50 cents each.

LEGION (H. T.)—Bud, well shaped globular; flower, large, full, lasting, cerise red throughout; fragrant; foliage large, glossy reddish green. Originally named American Legion, but name changed later. 30 cents each; two-year plants, 50 cents each.

MADAME BUTTERFLY (H. T.)—Is Hill’s glorified sport of Ophelia. Seen and admired by thousands. All the color tones of Ophelia and so well blended. Its growth is strong, pink, apricot and gold. Ophelia ranks at the top in popularity and Madame Butterfly will surpass it. It averages more petals to the bloom; it is a grandtrailing Rose, the blooms are sometimes so large the branches are torn and it makes more branches, every one carrying a bud. The tight buds are a lovely shade of Indian oak, yellow at the base; as they open the center becomes salmon color. For table decorations the opening flowers are perfect in form and texture, clear and brilliant in color and of delicious fragrance. 35 cents each; two-year plants, 55 cents each.

MADAME LEON PAIN (H. T.)—Flowers large, full and free in opening; silvery salmon, center orange yellow, reverse bright red and yellow. In our gardens the past summer, it has at all times been in flower and a great favorite. 40 cents each; two-year plants, 50 cents each.

MADAME MELANIE SOUPERT (H. T.)—A superb fancy ever-blooming rose, of strong vigorous growth and free branching habit. One of the best sweet scented, large red blooms. 35 cents each. No two-year to offer.

MADAM ROSE LAMBIUR (H. T.)—The name, it is true, is somewhat unorthodox. The rose is extremely fragrant, of pink, apricot and golden color. 50 cents each; two-year plants, 55 cents each.

MARJORIE BULKELEY (H. T.)—Of strong, free branching growth; buds long and rounded, opening into buff, heavily fragrant, double flower with rim of bright salmon pink in the center. 40 cents each; two-year plants, 50 cents each.

MISS AMELIA GUDE (H. T.)—A cross between Columbus and Sunburst. Bud long, pointed; flower medium size (35-40 petals); large, double, salmon pink center, salmon pink edge. Simple and clean. Very fragrant. 40 cents each; two-year plants, 55 cents each.

MISS C. E. VON ROSSE (H. T.)—Flower well formed, velvety red; fragrant. Vigorous grower, bushy. 50 cents each; no two-year to offer.

MRS. CHAS. LAMBOURG (H. T.)—An exhibition bloom of large size; color of soft lemon; growth, vigorous; very fragrant. 40 cents each; two-year plants, 55 cents each. No two-year to offer.

MRS. SUMNER (H. T.)—Very strong, bushy grower; buds well rounded, fragrant. 40 cents each; two-year plants, 55 cents each.

MRS. H. R. DARLING (H. T.)—This is also a Gold Medal variety of the British N. R. S. Color, creamy-yellow, both free and fragrant; very perfect in form; a good grower. 40 cents each; two-year plants, 55 cents each.

MRS. WILLIAM TAN—An extremely vigorous strong, healthy grower, with long, pointed buds of absolutely perfect form and develop into flowers of good shape. In color it is a two-tone pink, the bud being almost pure pink and the flower black with a golden line at the base of the petals; the flowers are carried on long, stiff stems, and last in good condition for an unusually long time, either cut or in the pot. An excellent, free and continuous bloomer. 50 cents each. No two-year to offer.

PHOEBE (H. T.)—This is a fine shaped, high centered bloom, orangish-red. A golden line on the falls. It is a fine rose, pale primrose, shaded white; the flower is sweetly scented. 50 cents each. No two-year to offer.

PILOT (H. T.)—In color a beautiful shade of bright rose-pink. The bud, which opens perfectly, is long and of ideal form. Pilgrim is a Rose of good substance and petalage, and at any stage of growth is admirable. Its pronounced tea fragrance will attract all Rose lovers. It is prolific, and highly productive of first quality blooms. The strong showy, semi-double blooms are strongly fragrant and are carried on long, stiff stems. The buds are arranged in symmetrical clusters of three and are carried on high and strong growth. The plant is vigorous and healthy. 30 cents each; two-year plants, 50 cents each.

PREMIER (H. T.)—Already too well known to need description. A magnificent novelty in the class with Russell. Fragrant. 30 cents each; two-year plants, 55 cents each.
HYBRID TEA ROSES—Concluded

PRESIDENT WILSON (H. T.)—A delightful shade of salmon-pink, reminding one of the grand color of Wilnowhere, but clearer in tone. Flowers of large size and exhibition quality, freely produced on erect stems. A great Rose. 50 cents each; two-year plants, 70 cents each.

PRINCE OF WALES (H. T.)—Bud fine; flower very large, elongated; vivid cherry-red, shaded scarlet; borne on long strong stem; moderate fragrance. Vigorous, upright. Awarded Clas Challenge Cup, 1921. 50 cents each. No two-year to offer.

RED COLUMBIA (H. T.)—A brilliant scarlet-crimson of exquisite shade, a sport from Columbia; semi-double, one of the finest bloomers in existence; produces beautiful foliage in profusion; has made a splendid record in the Government Trial Gardens at Washington, D. C., never fails. 40 cents each; two-year plants, 60 cents each.

RED GIANT (H. T.)—Good strong grower, a deep rosy-carmine color, extra fine rose. 50 cents each; two-year plants, 70 cents each.

REV. F. PAGE ROBERTS (H. T.)—A fine rose of a vigorous habit, with good shaped blooms, which are carried erect on long stiff stems, and are very sweetly scented. The color is an orange-yellow, becoming lighter at the edges of the petals. It is an excellent exhibition and garden rose. 50 cents each. No two-year to offer.

VICTORY—Glowing scarlet; blooms very large, pointed on very long stems; semi-double; a fine free-growing bedder. Gold Medal N. R. S. 40 cents each; two-year plants, 60 cents each.

WHITE OPHelia (H. T.)—Sport of Ophelia. Remembers Ophelia, but stronger. Bud large, ovoid; flower large, well-formed, semi-double, very lasting, borne singly on strong, average-length stem; strong, sweet fragrance. Color white, with slight pink tinge in center which disappears when bloom opens. Vigorous, upright grower; an abundant and continuous bloomer. 50 cents each; two-year plants, 70 cents each.

WILLIAM NOTTING (H. T.)—(Soupert & Nutting, 1904). This Rose was first sent out in this country under the name of Indians. By some mishap it has been overlooked in the shuffle. We have found out it is a first-class Rose, and we will in a manner resurrect it. The flowers are very large and full; color a bright rosy-cerise, center deeper, sweetly perfumed. It is a grand bedding Rose. 35 cents each. No two-year to offer.

TEA-SCENTED ROSES

The original blush Tea Scented Rose. A variation of the China Rose; was imported from China in 1810. In combination with the Yellow China, or Tea Rose introduced in 1824, it has been the origin of all the splendid varieties we now possess. Tea Roses are distinguished from each other by their delightful fragrance of the flowers and by the delicate shades of yellow, nankeen, salmon, copper, wanting in Hybrid Perpetuals. They bloom in great profusion during the entire summer and autumn, being especially fine during the autumn months. These are ever-bloomers; half hardy.

The "Excelsior" List of Ever-Blooming Roses

New and Choice for Outdoor Planting or House Culture

Price, 20 cents each, except where noted; two-year Plants, 40 cents each, except where noted.

For general planting, more especially in open ground, this class excels all others. One-year-old plants, such as we send by mail, bloom the first and each succeeding year from early spring until severe frosts. Two-year-old plants, of course, yield a greater profusion of flowers, owing to their size. The flowers are noted for their exquisite form, the fullness of the petals, and with protection of litter, leaves, evergreen boughs or similar materials. Plant liberally of one-year-old Roses; the harvest of bloom they give the first year compensates for the trifling outlay.

Anyone can succeed with them.

"EXCELSIOR" LIST OF ROSES OF SPECIAL MERIT

In Ordering Say "From 'Excelsior' List"

ALEXANDER HILL GRAY—Largest pure yellow; extra.

ANTOINE RIVOIRE—This is the famous Mrs. Taft Rose of the fashionable Eastern markets. This Rose is a class by itself; no Rose ever produced has such substance of petal; color creamy white with rainbow tints; a beauty and a wonder. 25 cents each; two-year plants, 45 cents each.

ARCHDUKE CHARLES—Deep carmine, reverse silvery-pink.

BEAUTY OF STAPLEFORD—Bright, rich rosy-crimson.

BESSIE BROWN—A Rose of transcendent beauty; of the largest size; color pearly-white with a delicate tinge of fawn. 25 cents each; two-year plants, 45 cents each.

BLUMENSCHMIDT—Rich lemon-yellow, often tinged pink.

BON SILENE—Deep rose, illuminated with bright red; a grand winter or bedding; very sweet. 25 cents each; two-year plants, 50 cents each.

BRIDESMAID—This is a fit companion for the Bride. It is also planted by the million for winter blooming. The best deep pink Rose for this purpose. 25 cents each; two-year old, 50 cents each.

BURBANK—Bright pink; a grand bedding; always in bloom.

CATHERINE MERMET—Color a clear rosy-pink; large and fine.

CHAMPION OF THE WORLD—Rich, deep rosy-pink; extra fine.

CHRISSIE MACKELLAR—Crimson-carmine and orange-pink.

CLOTHILDE SOUPERT—Everybody's favorite light pink Rose.

COLONEL R. S. WILLIAMSON—Satiny-white, with deep crimson center.

COLUMBIA (H. T.)—This is a new American Rose, grown by the veteran rosarian E. G. Hill. It is a very vigorous grower of a true pink shade, deepening as it opens to glowing pink. A peculiarity of this variety is that the shades all become more intense until the full maturity of the open flower is reached, and this color is enduring. 25 cents each; two-year plants, 46 cents each.

CORNELIA COOK—The old favorite white Rose; none better.

COUNTESS OF GOSFORD—Clear salmon-pink and saffron-crimson.

CRIMSON QUEEN (H. T.)—A very strong upright grower, flower large and full. Color a bright rich velvety crimson. A good garden Rose, as it is always in bloom. 30 cents each; two-year plants, 50 cents each.

DEAN HOLE—Light crimson, shaded salmon; extra fine.

DENONNIS—Magenta fragrance; a delicate rose with yellow center.

DOUBLE PINK KILLARNEY (Scott 1910)—The Killarney that will supersede the Killarney now grown. We have confidence in recommending this variety as a distinct improvement on the normal type, as it possesses from ten to twelve more petals than its parent. Awarded certificate of merit by the American Rose Society.
The “EXCELSIOR” List of Ever-Blooming Roses

DOUBLE WHITE KILLARNEY—A pure white sport from White Killarney. A great forcing Rose.

DUCHESS DE BRABANT—Bright salmon-pink; an old favorite.

DUCHESS OF ALBANY (Red La France)—A superb Rose.

DUCHESS OF WELLINGTON—Intense saffron-yellow; stained red.

ECARLATE—The finest red bedding Rose to date.

EDWARD MAWLEY—The finest of all dark crimson Roses.

EMpress Eugenie—Deep, rich pink; very double; hardy.

ETINCELANTE—Bright, brilliant red, shaded with purple, large, full and of fine form, opening into an enormous bouquet of fragrance; bud elongated, of brilliant velvety crimson color. For bedding. Extra fine. 25 cents each; two-year plants, 45 cents each.

ETOILE DE FRANCE—For the best red garden Rose it lies between this one, Rhea Reid and Helen Gould. Some say one and some the other. 25 cents each; two-year plants, 45 cents each.

ETOILE DE LYON—Still the best large golden-yellow Rose. 25 cents each; two-year plants, 45 cents each.

EUGENE E. MARLITT—Rich bright carmine with scarlet tones.

FLORENCE FORRESTER (H. T.)—Clear snow-white with a lemon tinge; as the flowers age they become a pure white; the blooms are even larger than Paul Neyron. Its habit is absolutely perfect and it is a wonderful flower. We consider this Rose the grandest of all whites for bedding. For size and substance has no equal among Hybrid Teas. It is very sweetly perfumed. Gold Medal, National Rose Society. 35 cents each; two-year plants, 55 cents each.

FLORENCE PEMBERTON—Creamy-white, flushed and shaded.

FRANCIS SCOTT KEY (H. T.)—It is very fitting that such a fine new Rose should be honored with the name of the author of the “Star Spangled Banner,” and also that it should hail from Baltimore, one of whose forts was being assailed when the inspiration came to the author to write our national anthem. The flowers are from large to very large, with sixty or more petals opening. The color is a magnificent deep red rose. Wherever it has been staged this Rose has swept all competitors from the boards and secured every prize it has entered for. Grand Prix; 35 cents each; two-year plants, 55 cents each.

F. R. PATZER—Creamy-buff, reverse delicate pink; extra fine.

GENERAL MACARTHUR—A superb, deep, rich red Rose; new.

GENERAL ROBERT E. LEE—Orange-yellow; shaded white; free.

GENERAL SUPERIOR ARNOLD JANSEN—Glowing carmine. Extra.

GLOIRE DES BELGES (H. T.)—Growth vigorous and free, flowering continuously until late in the season. Buds oval, long, and of good color. It has an exquisite perfume. 35 cents each; two-year plants, 55 cents each.

GOLDEN GATE—White; most beautifully tinged pink.

GOLDEN SPRAY (H. T.)—Unique in habit and growth, it sending up long arching shoots which form great loose elegant sprays, every one of which opens in succession. The buds are very long, of deep Marestial Niel yellow, opening to almost single blooms of clear lemon-yellow. Awarded gold medal, National Rose Society of England. 35 cents each; two-year plants, 55 cents each.

GORGEOUS—Flowers large and full, exquisitely formed and produced in endless profusion. Deep orange-yellow and heavily veined with reddish-copper, the most charming and gorgeous coloring which has yet been known to the introduction. The color of a magnificent deep rose in existence. 35 cents each; two-year plants, 55 cents each.

GRUSS AN TELEZIT—Brightest red of all Roses. Extra.

HADLEY (H. T.)—In color it is a deep velvety-crimson, retaining its brilliancy at all seasons of the year. The variety is deep and buds are very large. The fragrance is excellent only by American Beauty. It is a strong, rapid grower, and the flowers are borne on long, stiff stems. It has proven itself under thorough trial to be an all-year-round forcing variety 25 cents each; two-year plants, 50 cents each.

HELEN GOULD—A rich red Rose that is a great bloomer; the shade of red has been described best as a watermelon-red; elegant. 25 cents each; two-year plants, 45 cents each.

HELEN GOOD (The Beauty Cochette)—What the introducers say: This is a true Cochette Rose, and after two years’ trial in the garden we announce it as good if not better than any Rose for the garden ever sent out. We bought the entire stock of this Rose, paying $1,000 for two plants, this being far by the highest recorded price ever paid for any Rose. The color is a delicate yellow suffused with pink, each petal edged deeper, very crape and beautiful. The color, with its immense size and expanse of form, answer the question: “What is the greatest Rose ever introduced, and we are proud to have brought it out?” 25 cents each; two-year plants, 45 cents each.

HENRIETTE (H. T.)—One of the finest in existence for bedding garden and cut-flower purposes; blooms erect on long stems; buds long and pointed. Color flowery-orange-crimson, changing to soft coral-salmon. Very hardy. Free in habit. 35 cents each; two-year plants, 55 cents each.

HERMOSA—Beautiful bright pink flowers; old favorite.

HERZOGIN MARIE ANTOINETTE (H. T.)—Very long buds of pure orange or old gold; very large flower of perfect form. Société d’Horticulture & Notting, of the Grand Duchy of Luxembourg, say: “This is the finest yellow of all the yellow roses.” Gold medal, M. Gladbach; certificate of merit of the German Nurserymen’s Society; also prizes of honor at Leipzig, Sangerhausen and Zwickelbrun.

ISABELLA SPRUNT—Flowers freely during the winter; flowers of the richest yellow color. 25 cents each; two-year plants, 45 cents each.

IVORY (H. T.) (American Rose Co., 1903.)—A pure white sport of Golden Gate; forces well.

JONKHEER L. J. MOCK—A glorious pink Rose.

KAISERIN AUGUSTA VICTORIA—a grand white garden Rose that has stood the test of time. Full and double; fine buds and flowers. 25 cents each; two-year-old, 45 cents each.

KILLARNEY—Clear rich deep shell-pink; a great beauty.

KILLARNEY BRILLIANT (H. T.)—The introducers are to be congratulated 19 years after the advent of Killarney in giving us the distinct novelty, which is undoubtedly the best of the Killarney type. Killarney Brilliant has the same habit of growth and the same freedom of bloom as its parent, while the flowers are more double and longer lasting. The color is a very bright pink and varies like Killarney. In the garden in bright weather is clear pink, and in dull weather almost crimson. Extra. 35 cents each; two-year plants, 55 cents each.

LADY ASHTOWN—Deep rose, shading to silver-pink.

LADY BATTERSEA—Long pointed buds of richest red; elegant.

LADY HILLINGDON—Deep golden-yellow; superb.

LADY PLUMYOUTH (T.)—The color is a pearly, delicate but deep, ivory-cREAM, faintly flushed, giving it a most piquant flavor that is difficult to describe. Awarded gold medal National Rose Society of England, and silver medal at Crystal Palace Show, London. 25 cents each; two-year plants, 45 cents each.

LADY ROBERTS (T.)—The color is a rich golden-yellow, very free bloomer and a grand garden Rose. 25 cents each; two-year plants, 45 cents each.

LADY URSULA—Fleshy-pink; large, full and perfectly formed.

LA TOUSCA—Soft pink, tinted rose-white; extra fine.

LAURENT CARLE—Deep rosy-carmine; extra fine.

LOUIS PHILLIPS—Bright red; very free bloomer.

MABEL DREW—Deep cream and canary-yellow.

MADAME ABEL CHATENAY—Rosy-pink, with lighter shading.

MADAME CAROLINE TESTOUT—Bright pink.

MADAME CONSTANT SOUPERT—Deep yellow.

MADAME JENNY GILLEMOT—Saffron-yellow, opening pale yellow.

MADAME JULES GROLEZ—Rose and satiny-pink; extra.

MADAME LOMBARD—Rosy-red, with silver reflex, extra fine.

MADAME PAUL EULER—The famous pink Prima Donna Rose.

MADAME SEGOND WEBER—A beautiful grand deep pink.

MADEMOISELLE FRANZISKA KRUGER—Deep coppery yellow.

MADEMOISELLE HELENE CAMBER—Coppery yellow; deep center.
## The “EXCELSIOR” List of Ever-Blooming Roses—Concluded

### MADISON—Pure white, exquisite.

### MAMAN COCHET (The Queen of all Garden Roses)—Such beauty and exquisite form as is possessed by this variety is welling up from morning to evening in the garden. Exposure will be seen to best advantage in the exhibition. The flowers are large, full, and fragrant. The buds are pointed; as they expand they show great depth and richness of color, as crimson in the heart; a rich wine red on the outside. Flowers superb when open, extra large, perfectly double and of splendled substance. Small pot plants will in the open ground quickly grow to full size and form, and become a decided beauty in the garden. The plant is a sturdy one, with strong roots and a wealth of big, strong leaves. The stems, great numbers of perfect flowers that are captivating in fragrance and delicate brightness. The color is rich, clear pink, and will make a beautiful show. 25 cents each; two-year plants, 45 cents each.

### MARY GUILLOT—The old standby for a pure white Rose.

### MARIE VAN HOUTTE—Straw-yellow flushed with crimson.

### METEOR—A grand rich dark crimson; superfine.

### MELODY—Color, pure deep saffron-yellow. Extra.

### MISS CYNTHIA FORDE—Deep brilliant rose-pink.

### MISS WILMOT (H. T.)—The most refined and charming Rose ever raised. There is an appealing sweetness about this most distinct variety that will please lovers of Roses all the world over. The color is practically a uniform soft sulphur-cream with a faintest tint of green. In a word, shape and form, this Rose is a model of perfection, every flower comes perfect and produced with a freedom that is marvelous. A wonderful garden Rose. N. P. S. 25 cents each; two-year plants, 45 cents each.

### MRS. AARON WARD—Golden-orange, distinct and beautiful.

### MRS. A. WADDELL—Clear deep salmon.

### MRS. BENJAMIN R. CANT—Deep, dark crimson; extra.

### MRS. CAMPBELL HALL (Tes)—Delicate creamy-buff, edged or suffused rosy-carmine. The center of the bloom is warm cerise coni-fawn. Very deliciously fragrant. Awarded gold medal, N. P. S. 25 cents each; two-year plants, 45 cents each.

### MRS. CHARLES BELL (Pierson, 1918)—This new Rose will appeal to those who grow Roses out of doors. It may be described as a second-class, but of that sort of that well-known Rose. It has no characteristics which make it distinct from Radiance except that it is shell-pink. Mrs. Chas. Bell, Red Radiance and Radiant Rose will offer a color that will be welcome. No finer garden Roses for America than these three. 25 cents each; two-year plants, 45 cents each.

### MRS. CHARLES RUSSELL (H. T.)—This wonderful new American Rose has taken the country by storm. No other forcing Rose except “American Beauty” can compete with it when it comes to counting points. Stems three feet long; stiff and strong. One of the finest of the modern Rose breeds and build. 35 cents each; two-year plants, 55 cents each.

### MRS. GEORGE SHAWYER—Bright peach-pink; superb.

### MRS. HENRY WINNETT (H. T.)—This is a seedling raised by John H. Dunlap, of Canada, and has the distinction of being the first American Rose raised in the mother country that has been offered in commerce. In color it is a bright shade of crimson, not so dark as Hadley, and not so light as Richmond. It is a color that pleases the retail storeroom and his patrons. The finest of all the red or crimson varieties. The buds are long and well formed. A superb, red Rose. 25 cents each; two-year plants, 45 cents each.

### MRS. MACKELLAR (H. T.)—The glorious blooms make this an important Rose. A deep citron or delicate pure canary color. As the large blooms gracefully expand the guard petals charming reds and become more golden-white of great decorative beauty. Award of merit (unanimous). R. H. S., London. 25 cents each; two-year plants, 45 cents each.

### MY MARYLAND—Clear, glowing pink; extra.

### NAPOLEON—This Rose is the result of perfect shape, habit and inflorescence; as a bedding, massing and cutting Rose it is unique. Buds long and pointed, opening to large, full, handsome flowers of great beauty, flowering freely and continuously. 25 cents each; two-year plants, 45 cents each.

### OPHÉLIA—Salmon-flesh shaded with rose, large, and of perfect shape, habit and inflorescence; as a bedding, massing and cutting Rose it is unique. Buds long and pointed, opening to large, full, handsome flowers of great beauty, flowering freely and continuously. 25 cents each; two-year plants, 45 cents each.

### PERLE DES JARDINS—Clear, golden-yellow; very rich.

### PRESIDENT TAFT (McCullough, 1908)—This Rose was raised in Cincinnati, the home of President Taft, and let us say right here, while some of you might not admire the President himself, you cannot help but admire the Rose that was given his name. It is without question the most remarkable of all pink Roses. It has a shining, intense, deep pink color possessed by no other Rose. It is a fine grower, free bloomer, good size and form, fragrant and in a class by itself as to color. Our Mr. Frank Good, who is probably familiar with more Roses than any man now living, spoke to about the Rose. President Taft, and then you will not say enough. 25 cents each; two-year plants, 45 cents each.

### PRINCE ENGLEBERT CHARLES DE AURENBERG (H. T.)—(Souspey & Notting, 1910). Without doubt the most promising red of the year. The buds are red, but when open, are delicately banded without tone of purple that kills all the other red forces. The color is most pleasing and under artificial light wonderfully beautiful. Growers will make no mistake in planting this Rose heavily.

### RADIANCE (Cook, 1909)—A brilliant rose-carmine, displaying beautiful rich and opaline-pink tints in the open flower. The form is fine, largest size and full, with cupped petals. It blooms constantly and in numbers. One must be a superior Rose. 25 cents each; two-year plants, 45 cents each.

### RED LETTER—Glowing crimson-scarlet.

### RED RADIANCE (H. T.)—All who know that grand Rose Radiance will welcome this red form of that great favorite. Radiance is a Rose that does well everywhere; a fine grower and free bloomer, and no prettier pink Rose grown. Red Radiance is its exact counterpart except that the color is a rich deep red. 25 cents each; two-year plants, 45 cents each.

### RHEA REID—Richest deep crimson; fine for garden.

### RICHMOND—Pure rich scarlet; very free and continuous flowering; splendid force. 25 cents each; two-year plants, 45 cents each.

### ROSE MARIE (H. T.)—This is a grand Rose of the very hiagaest merit. A rich red that has come to stay. Might best be described as a bright watermelon-red. Very desirable. 35 cents each; two-year plants, 55 cents each.

### SAFFRANO—The best standard for a winter bloomer; lovely saffron-colored buds of the most delicate fragrance. 25 cents each; two-year plants, 45 cents each.

### SNOWFLAKE—Snow-white; most profuse bloomer of all Roses.

### SOMBREUIL—Pure white tinged delicate pink; hardy.

### SOUV. DE LA MALMAISON—Creamy-flesh, rose center.

### SOUV. DE PIERRE NOTTING—Orange-yellow, bordered carmine.

### SOUVENIR DE PRES. CARNOOT—Grand Rose of the largest size; color delicate fawn or salmon; fine.

### SUNBURST—The magnificent giant yellow Rose.

### THE BRIDE—Best winter blooming white Rose; planted by many for very grower, out flowers, none finer. 25 cents each; two-year plants, 45 cents each.

### THE QUEEN—Beautiful large, pure white flowers; extra.

### TIPPERARY (H. T.)—In color stands between Lady Hulingen and Melody, a true golden-yellow with marked soft golden-carmine. 25 cents each; two-year plants, 45 cents each.

### VICTOR ROSES FORUM—(H. T.)—Of medium size, with pointed buds, with naturally reflexed guard petals of brilliant velvety vermilion tipped scarlet. Stems rigid, habit branching, large oval beeswax-gold. 25 cents each; two-year plants, 45 cents each.

### W. C. GAUNT—(H. T.)—Of medium size, with pointed buds, with naturally reflexed guard petals of brilliant velvety vermilion tipped scarlet. Stems rigid, habit branching, large oval beeswax-gold.

### WHITE BOUGER—Extra; pure white Rose.

### WHITE KILLARNEY—Pure snow-white; extra.

### WHITE LA FRANCE—Pure white with shadings of fawn.

### WHITE MALMAISON—Pure white, shaded lemon-yellow.

### WHITE MALMAISON—Pure white, shaded lemon-yellow.

### YVONNE VACHEROT—Porcelain-white, retouched with red.
Climbing Teo and Noisette Roses

MISS JESSIE M. GOOD, Seedwoman and Florist, SPRINGFIELD, OHIO.
New Varieties of Tender Climbing Roses

CLIMBING GEN. McARTHUR (C. T.)—True sport from the popular bush variety and destined to be a very desirable red climber. Bright scarlet, large, full and very free. One of the finest and most true flowering roses grown. 40 cents each; No two-year to offer.

CLIMBING HADLEY (C. T.)—Deep velvety-crimson, retaining its color at all seasons. Buds well formed, large, full and free, with most delicate fragrance. 35 cents each. No two-year to offer.

CLIMBING HOOSIER BEAUTY (C. T.)—Deep crimson with darker shading just like the bush variety and is strong and vigorous. We believe this is one of the very best Tea climbers and will produce 40 or more buds each. 35 cents each; No two-year to offer.

CLIMBING LADY ASHTON—Almost hardy; produces a large crop of large, soft rose-colored flowers; a beauty. 25 cents each; No two-year to offer.

CLIMBING MAMAN MAMAN—This is a climbing form of that famous Rose Maman Cochet (see the description in "Famous Rose Collections"). This is the same except a climber. 25 cents each; No two-year to offer.

CLIMBING OPHelia—A climbing form of Ophelia. No better rose grown than this; a beautiful pink. 25 cents each; two-year, 45 cents each.

CLIMBING RHEA REID (C. T.)—Richest deep crimson imaginable, fine grower. 40 cents each; No two-year to offer.

CLIMBING SUNBURST (C. T.)—A climbing sport of that peer of yellow roses, Sunburst—the much-sought new French rose. A double yellow rose, with strong growth, bearing freely; very large cadmium yellow flowers beautiful either in bud or open flower. 50 cents each; No two-year to offer.

CLIMBING WELLSEY (C. L. T.)—Another choice pink climber that will always be in demand. 40 cents each; No two-year to offer.

W. FREELAND KENDRICK (Semi. C. L. T.)—A cross of Aviatuer Brierot and Mad. Caroline Testout, Type, Mad. Caroline Testout, but lighter in color. Bud medium size, globular shaped, none of the tendency to form thorns. Color, white, with peach-tinted, clear yellow center. Foliation abundant, medium size, leathery, glossy; dark green, disease resistant. Vigorous upright grower; profuse bloomer, 180 blooms from single plant. Practically hardy, this variety was awarded first prize for best rose produced by an amateur, and Silver Medal for best rose for out-door culture at Portland Rose Test Garden, 1920. 40 cents each; No two-year to offer.

New Polyantha, or Baby Roses

Price 25 Cents Each; Two-Year Plants 45 Cents, except where noted.

BABY DOROTHY—This is a glorious Rose. Flowers resemble the Dorothy Perkins. Completely hides the plant with its splendor. Of splendid growth and freedom of bloom, which are of wonderful keeping qualities either on or off the plant. This is the improved Baby Tausendschon. It has more substance and more color, and is the best of all Baby Roses for pot culture. Be sure and try this one.

BABY TAUSDÜNCHEN or THOUSAND BEAUTIES—Its flowers are large, much like Thousand Beauties, that it has been rechristened Baby Thousand Beauties. It is a bush form of the Thousand Beauties, having all the charm of the variable color in its flowers, but its parent has been form, white, delicately flushed pink, changing to deep rosy-carmine. A splendid Rose. Try it.

CLIMBING ORLEANS-ROSE (Levavasseur & Fils, 1913)—In all respects, excepting growth, identical with the normal type from which it is sported. The growth is very vigorous and of true climbing character; perpetual flowering. 40 cents each; No two-year to offer.

CELYVA—Bright crimson; white eye; very beautiful. One of the best new Baby Roses.

ETOEIL IUISANTE, or BABY HERRIOT—Just picture to yourself the Fairy or Sweetsherry Rose ("Cécile Brunner") colored up like the Daily Mail Rose ("Mme. Edouard Herrriot"), only brighter and more brilliant than when that variety is at its best, and you will have some conception of the beauty of this new variety. Its flowers are large, bright red; the petals are very broad, and are borne in clusters. A very choice variety. Bright red, very free.

GRUSS A ANCHEN—Yellowish-rose colored with salmon-pink and red shading; full, strong, free blooming and disease proof; erect and of moderate growth. Owing to the size and beauty of its flowers and its symmetrical growth, this variety is highly recommended for low, bright masses.

MADAME JULES GAUCHAL (Turbat, 1913) (D. P.)—Buds bright vermilion-red, shaded clear orange-red; flowers same, ponted to a bright florifera rose which does not fade. Wood and foliage clear green, producing long, erect panicles of twenty-five to fifty perfectly formed blooms of good keeping qualities. Awarded of Merit and Silver Gift Medal, R. H. S., and Gold Medal Paris.
NEW POLYANTHA, OR BABY ROSES—Concluded

ORLEANS—The showiest and prettiest of all the Baby Ramblers. This charming and dainty Rose is of beautiful rounded habit and is a huge bouquet of deep cerise or Geranium-pink, with distinct showy center of pure white. Florists not crowded, but of beautiful arrangement, making as a whole a charming combination that cannot be beaten. Color is irresistible. Plant grows like a weed, and the flowers are nearly "immortal" in their lasting qualities. Awarded gold medal.

RED DOROTHY PERKINS, or EXCELSA—The defects of Crimson Rambler are its unsightly foliage, its unseasonable weather and its defoliation by insects; the infusion of Wicuh-raisan blood assures an ornamental climber which is nearly evergreen, and this will assure this lovely crimson-scarlet pillar Rose a place in every American garden, for it is quite hardy in addition to all its other fine points. The flowers are very double, produced in large trusses of thirty to forty, and almost every eye on a shoot produces large clusters of flowers. The color is intense crimson-maron, the tips of the petals tinged with scarlet. The finest of all red Climbing Roses.

RED ORLEANS ROSE—Color is brilliant geranium-red, suffused with rose, and center white. The flowers come in great trusses and make a fine show all summer. This Rose when massed in solid beds or along borders is very fine. Awarded a gold medal. 40 cents each. No two-year to offer.

ROSARIE, or PINK THOUSAND BEAUTIES—This is a bright pink form of that famous Rose, "Thousand Beauties." A grand Rose from any standpoint.

SHOWER OF GOLD—This variety produces masses of flowers in large clusters. The flowers are a deep golden-yellow, with orange shadings in the center. Enormous lateral branches are produced, which are densely clad with glossy green foliage that resists disease. This fills the "long-felt want" for a hardy yellow Climbing Rose.

SILVER MOON—Flowers very large, four and one-half inches and over in diameter. Pure white in color; petals of great substance, beautifully cupped, forming a clematis-like flower. The large bunch of yellow stamens in the center adds to its attractiveness. These flowers are borne on strong stems twelve to eighteen inches long, and are delicately scented. The plant is a strong grower, with large, glossy, bronze-green foliage.

TAUSENDSCHOEN, or THOUSAND BEAUTIES—A Climbing Rose that comes to us from Germany. The flowers upon first opening are the most delicate shade of pink ever seen in a Rose; might be described as a white delicate flushed pink, changing to rosy-carmine. It gets its name from its many flowers and the variation in coloring. This Rose is sweeping the country like a prairie fire.

TIP OF ('Baby Doll')—This delightful little "Sweetheart" Rose is a wonder. The color is absolutely new, and quite startling in its brilliancy, golden-yellow tipped with clear, bright cerise. The foliage is narrow, long and sharply pointed, a deep glossy green—a very beautiful setting for the lovely little doll roses, a bench of "Baby Doll" being an even parterre of delicious color.

VEILCHENBLAU (The Wonderful New Blue Rose)—This is a Rambler, and will thrive anywhere, being perfectly hardy. It has created a great stir in the Rose World, for the talk of the Blue Rose has been going on since time immemorial. It first opens a pink color, quickly changing to a decided violet blue. When the plant is in full bloom it presents a startling effect.

**Dwarf Polyantha, or Baby Roses**

A class of miniature Roses derived from the Climbing Polyantha. They are of dwarf habit and bloom so freely as to cover the entire plant with bloom all through summer and fall. The plants are splendid for bedding or as edgings for borders they are hardy. Let us tell you something about these miniature Roses. While Europe has appreciated these Roses for years, America is just beginning to wake up to the fact that they have come to stay. They are useful either pot grown or for bedding purposes or for hedge effect. 20 cents each; six for $1.00; two-year-plants, 50 cents each; three for $1.25.

**ANNA MULLER**—The pink Baby Rambler; always in bloom.

**BABY RAMBLER**—Completely hides itself all summer; bright red.

**CATHERINE ZEIMET**—The White Baby Rambler; extra.

**CLOTHILDE SOUPERT** (Soupert & Notting, 1890)—(H. Poly.)

Known the world over as one of the very best of all bedding Roses. The only rival of "Hermosa" as a bedder and market pot plant. The color effect is beautiful ivory-white, shading toward the center to bright silvery-pink. Everybody's Rose.

**ELLEN POULSON**—Dark brilliant pink; fragrant; fine.

**ERNA TESCHENDORFF**—Deep crimson flushed with carmine; very dark.

**JESSIE**—Bright cherry-crimson. Superb.

**LE PONCEAU**—Dark red in large clusters.

**MADEMOISELLE CECILE BRUNNER**—This is the popular Baby Pink Rose. It is also known as Sweetheart and Mignon.

In the past year or two this Rose has fairly jumped into popularity. It always was a popular outdoor Rose on the Pacific Coast, but recently even in the east East and everywhere in America they are planting it simply by thousands for cut flowers. It has become quite the rage. It makes a handsome miniature Rose, coming in sprays of three to five buds and combines in beautiful effect with so many other flowers in all kinds of floral work. It is a very prolific bloomer and if carefully protected in the winter should be a money-maker, both outdoors and under glass. The bud and flower are both handsome. Color, blush, shaded light salmon-pink; distinct and desirable.

**MRS. WM. H. CUTBUSH**—Flowers the delicate pink of Dorothy Perkins.

**PERLE D'OR**—Coppery-orange, changing to fawn.

**PHYLLIS**—Pretty, bright carmine-pink, very bushy and of branching habit, producing long, feathery pinches of flowers from June until frost. A novel Rose, ideal for beding, massing and decorative use in pots.
"Famous" Rose Collection for Garden Planting

We guarantee that no better Twelve Roses for the Garden were ever offered than this "Famous" Collection. Try them. Price, 25 cents each; the entire twelve for $2.50. Two-year-old plants, 45 cents each; the entire twelve for $4.00.

ANTOINE RIVOIRE (Mrs. Taft) — This is the famous Mrs. Taft Rose of the fashionable Eastern markets. It is a remarkable rose, yet no Rose ever produced has such substance of petal; color creamy-white with rainbow tints; a beauty and a wonder.

BESSIE BROWN — A Rose of transcendent beauty; of the largest size; color pearly-white with a delicate tinge of fawn.

ETOILE DE FRANCE — For the best red garden Rose it lies between this one, Rhea Reid and Helen Gould. Some say one and some say the other is the best.

ETOILE DE LYON — Still the best large golden-yellow Rose.

HELEN GODD (The Beauty Cochet) — What the introducers say: "This is a true Cochet Rose, and after two years' trial in the garden we pronounce it as good if not better than any Rose, for the garden ever sent out. We bought the entire stock of this Rose, paying $1,000 for two thousand. It is this beauty for the lowest recorded price ever paid for any Rose. The color is a delicate yellow suffused with pink, each petal edged a very chaste and beautiful. The color, with its immense size and exquisite form, makes it without question the most magnificent Tea Rose ever introduced, and we are proud to have brought it out."

HELEN GOULD — A rich red Rose that is a great bloomer; the shade of red has been described best as a watermelon-red; elegant.

KAISERIN AUGUSTA VICTORIA — A grand white garden Rose that has stood the test of time. Full and double; fine buds and flowers.

MAMAN COCHET (Queen of all Garden Roses) — Such beauty and exquisite form as is possessed by this variety is wellnigh marvelous and cannot be seen in any other Rose we know of. The buds are beautiful, large, full and firm and elegantly pointed; as they expand they show great depth and richness, sometimes measuring two and a half inches from base to tip. Flowers superb when open, extra large, perfectly double and of splendid substance. Small pot plants will in the open ground quite mature, fine bushes and produce, on long, stiff stems, great numbers of perfect flowers that are enchanting in fragrance and delicate beauty. This Rose is rich salmon, changing to a silvery-rose. As we see it, one good Rose like any of the Cochet Roses is worth a whole collection of poor ones.

Pernetiana — Filial of the beautyful Cochet — This Rose was raised in Cincinnati, the home of President Taft, and let us say right here, while some of you may not admire the President yourself you will, one and all, admire the Rose that goes by his name. It is without question remarkable and possesses all pink roses. It has shining, intense, deep pink color possessed by no other Rose. It is a fine grower, free bloomer, good size and form, fragrant and often flowers late. Its color is to colorists known as "Paul Smith." Our MRS. K. SMITH, who is probably familiar with more Roses than any man in America, says: "Talk all you want to about the Rose President Taft, and then you will not say enough."

Miss Jessie M. Good, Seedwoman and Florist, Springfield, Ohio.

Pernetiana Roses

ARTHUR R. GODWIN (Per.) (Pernet-Ducher, 1909) — The color is coppery-orange, red, passing to salmon-pink as the flowers expand. A superb combination of color. 35 cents each; two-year-old plants, 70 cents each.

HORTULANUS FIET (Per.) (M., Leenders & Co.) — Flower salmon-colored shaded lillac; buds long, apricot yellow with coppery orange and lillac edges. Growth medium, very floriferous, lovely color. 25 cents each; two-year-old plants, 50 cents each.

LOS ANGELES (A.B.) (Howard & Smith, 1917) — Originators' description: "Los Angeles is, by all odds, one of the finest Roses ever introduced. The growth is very vigorous, and produces a continuous succession of long-stemmed flowers of a luscious flame-pink toned with coral and shaded with translucent gold at the base of the petals. In richness of fragrance it equals in intensity the finest Marechal Niel. The buds are long and pointed and expand into a flower of mammoth proportions, while the beauty of form and ever increasing wealth of color is maintained from the finest bud of this last petal drops." 40 cents each; two-year-old plants, 70 cents each.

MADAME EDWARD HERRIOTT (Per.) (Pernet-Ducher, 1913) — Winner of the gold cup which was offered by the London Daily Mail for the best new Rose. M. Pernet Ducher describes its color as follows: "Buds coral-red, shaded with yellow; the flowers of medium size, semi-double, are of a superb coral-red, shaded with yellow, and bright rose-scarlet passing to a shrimp-red." 50 cents each; two-year-old plants, 70 cents each.

MISS LOLITA ARMOUR (Per.) (Howard & Smith, 1919) — Bud medium size, globular; flowers very large, cupped, double, borne several together on long stems; very lasting; strong fragrance. Color chrome-yellow at base, shading to burnt orange and copper; reverse of petals chrome-yellow at base, shading to bright salmon, with brilliant copper suffusion; passes to lovely shade of shrimp-pink and copper with age. Foliage abundant, leathery, glossy, bronze-green, large. Growth very vigorous, bushy, upright; abundant blooms. Silver Medal. 50 cents each; two-year-old plants, 70 cents each.

MRS. H. D. GREENE (Per.) — Color reddish bronze, opening to flame and coppery-pink; exceedingly free and fragrant; ample foliage of rich color; flowers on stiff, erect stems. 50 cents each; two-year plants, 70 cents each.

MRS. S. K. RINGLE (Per.) (Howard & Smith, 1919) — Bud very large, long-pointed, stained cadmium-red; flower very large, cupped, semi-double, borne singly on long stem; lasting; fragrant. Color, deep golden-yellow, without tint of copper; becomes suffused with soft pink with age instead of fading. Foliage sufficient, large, leathery, glossy light green. Growth very vigorous, upright; abundant bloomer. 50 cents each; two-year plants, 70 cents each.

WILLIAM F. DRAYER (Per.) (Howard & Smith, 1920) — Bud large; flower large, high center, double, borne on long stems, lasting; fragrant. Color soft, silvery shell-pink, base of petals golden-yellow, which sometimes suffuses the entire flower, this golden suffusion being particularly brilliant early and late in the season. Foliage abundant, light green. Profuse bloomer. 50 cents each; two-year plants, 70 cents each.
The Newer and More Scarce Hybrid Roses

Price, 25 cents each, except where noted. Two-year size, 45 cents each, except where noted. These roses are hardy and suitable for planting in cold climates. All are extremely fragrant.

**AMERICAN BEAUTY** — Color red, with touches of crimson, and intensely fragrant. No rose has a sweeter or more penetrating fragrance than American Beauty. A most beautiful Rose and a great favorite.

**GEORGE ROHAN** — Delicate peach-blown pink; center richer in color; large and full.

**BEN LOUVET** — Soft pink; very large and full; vigorous, fine for forcing in pots and for garden culture. Took the sweepstakes prize at the Boskoop Rose Exhibition in 1913. This is without doubt the finest of all Hardy Pink Roses. It is a true pink Druschki. Don’t fail to try this rose.

**PINK AMERICAN BEAUTY, or GEORGE AHRENS** — This is a wonderful new Rose, just as fine in its way as a pink Rose as White American Beauty is as a white Rose. Extra fine; brilliant crimson.

**SIR THOMAS LIPTON** (Conard, 1905) — The best pure white Rugosa Rose. Strong and vigorous; grows four feet high. Color is a marvelous white, without a touch of yellow or any other shade. A true paper-white, the standard by which all white Roses are judged. We grow “White American Beauty” listed by the thousands. 40 cents each; two-year plants, 75 cents.

**WHITE AMERICAN BEAUTY, or FRANZ KARL DRUSCHKI** — This grand white Rose has become renowned as the very highest type of its class and the best snow white Rose ever introduced. It is an extreme Newer, and has the vigor and hardness of an oak. Its magnificent flowers are nothing less than glorious — immense in size and produced with great freedom. Color is a marvelous white, without a touch of yellow or any other shade. A true paper-white, the standard by which all white Roses are judged. We grow “White American Beauty” listed by the thousands. 40 cents each; two-year plants, 75 cents.

**NEWER CLIMBING RUGOSA ROSES** — Are planted as bushes, and are used as ornamentals in the garden. They are hardy and thrive in any soil and are free from diseases. They are generally used as batter bushes and ornament the garden in the fall with their colorful foliage. They are excellent for forcing in pots. They make beautiful, hardy, large, long-lasting, double, crimson flowers, the largest ever grown. Plant them in October, and they will bloom profusely the following summer. 50 cents each; two-year plants, 75 cents.

**CLIMBING WHITE AMERICAN BEAUTY, or GEORGE ROHAN** — A wonderful new Climbing Rose. It is a true pink Druschki. Don’t fail to try this rose.

**SIR THOMAS LIPTON** — A pure crimson; with shadings of maroon; a grand Rose from every standpoint.

**MADAME CHAS. WOOD** — Cherry-red; free bloomer.

**MADAME MASSON** — Bright rich crimson; a gem.

**MADAME PLANTIER** — This is the ironclad white cemetery Rose.

**MAGNA CHARTA** — Clear, deep pink, flushed rose.

**MARTHA P. WILDER** — Scarlet-crimson, richly shaded maroon.

**NOVA ZEMLIA** — The pure white Conrad F. Meyer.

**PAUL NEYRON** — Deep rose or bright pink; large.

**PRINCE CAMILLE DE ROHAN** — Deep, rich, velvety crimson.

**ULRICH BRUNNER** — Glowing crimson flushed with scarlet.

**HARDY EVERYWHERE**

**Standard Varieties of Hybrid Perpetual Roses**

Price, 25 cents each; five for $1.00. Two-year size, 45 cents each; three for $1.00.

**ANNE DE DIESBACH** (Glory of Paris) — A lovely carmine-rose.

**BLACK PRINCE** — A rich, brilliant dark crimson.

**BOULE DE NEIGE** (Ball of Snow) — Pure white; fine.

**CAPTAIN CHRISTY** — Delicate peach-blown pink; center richer in color; large and full.

**CLIO** — Delicate flesh, with center of rosy-pink.

**CONRAD F. MEYER** — Clear flesh-pink; 4 inches across.

**EUGENE FUERST** — Deep red shaded crimson; fine.

**GENERAL JACQUEMINOT** — Known as “General Jack”; shining crimson.

**GLORY OF JONQUIL** — Pale shade of chamois or salmon-yellow.

**HENRICH MUNCH** — Soft pink; very large and full; vigorous, fine for forcing in pots and for garden culture. Took the sweepstakes prize at the Boskoop Rose Exhibition in 1913. This is without doubt the finest of all Hardy Pink Roses. It is a true pink Druschki. Don’t fail to try this rose.

**HOTEL LOUVET** — Soft pink; very large and full; vigorous, fine for forcing in pots and for garden culture. Took the sweepstakes prize at the Boskoop Rose Exhibition in 1913. This is without doubt the finest of all Hardy Pink Roses. It is a true pink Druschki. Don’t fail to try this rose.

**JOHN LOUVET** — Soft pink; very large and full; vigorous, fine for forcing in pots and for garden culture. Took the sweepstakes prize at the Boskoop Rose Exhibition in 1913. This is without doubt the finest of all Hardy Pink Roses. It is a true pink Druschki. Don’t fail to try this rose.

**NOVA ZEMLIA** — The pure white Conrad F. Meyer.

**PAUL NEYRON** — Deep rose or bright pink; large.

**PRINCE CAMILLE DE ROHAN** — Deep, rich, velvety crimson.

**ULRICH BRUNNER** — Glowing crimson flushed with scarlet.

**ALIDA LOUVET** — Both buds and flowers are large, are of ideal form, are held on stiff stems a foot and a half to two feet long and the color is a lively bright shell-pink with shadings of rich salmon-yellow; the buds are of a lovely shape and are long and very graceful. The flowers are of remarkable substance and long lived, whether cut or left to remain upon the plant and are pleasantly perfumed. It is very much brighter and more cheerfull in color with larger flowers than those of the jactus popular Dr. Van Fleet Rose.

**AMERICAN PILLAR** — The flowers are of enormous size, three to four inches across, of a lovely shade of apple-blossom pink with a clear white eye and cluster of yellow stamens. These flowers are borne in immense bunches. They last in perfection a long time, and are followed by brilliant red hips of berries, which are carried late into the winter.

**AUNT HARRIET** (H. W.) — New, 1918. (Originated by the famous Rose-hybridizer, Dr. W. Van Fleet, and introduced, 1918, by the Farm Journal, Philadelphia.) — In full bloom it is admirably fine with its masses of dazing scarlet crimson Roses covering every branch. The bright effect is intensified by the pure white centers and brilliant golden anthers which shine out when the flowers are fully open. Awarded Certificate of Merit American Rose Society.

**BESS LOUVET** — Resembles Climbing American Beauty in shape of flower, but very much larger and more fragrant. The flowers are clear, bright red, of good size and of double, full, cupped form, lasting a long time in good condition. Beautiful in bush, also clusters in the Climbing Roses. Very vigorous and free grower and full bloomer. The larger glossy foliage, like that of Silver Moon, greatly enhances the beauty of the flowers.

**CHRISTINE WRIGHT, or PINK CLIMBING AMERICAN BEAUTY** — This is identical with the red Climbing American Beauty described next below this variety flowers four inches in diameter; color bright, clear pink; immense. Try it; a fine companion for Climbing American Beauty.

**CLIMBING AMERICAN BEAUTY** — Same color, size and fragrance as American Beauty, with the addition of the climbing habit. Good foliage and better blooming qualities. One plant of these Roses can take the place of as many as five or six flowering plants, and has the vigor and hardness of an oak. This new variety is a most valuable one, as it can be planted as an extreme Newer, and has the vigor and hardness of an oak. It is an extreme Newer, and has the vigor and hardness of an oak. Its magnificent flowers are nothing less than glorious — immense in size and produced with great freedom. Color is a marvelous white, without a touch of yellow or any other shade. A true paper-white, the standard by which all white Roses are judged. We grow “White American Beauty” listed by the thousands. 40 cents each; two-year plants, 75 cents.

**CLIMBING WINNIE DAVIS** — (C. T. H.) (Calif. Rose Co.) — As its name implies, this is a climbing form of the favorite bedding rose, Winnie Davis, a variety which has become very popular. Its fine salmon-pink flowers are indeed very beautiful. A strong, robust climber, with leather dark green foliage. Very free blooming. 40 cents each; no two-year plants to offer.

**CROWN ROYALE** — A lovely light pink Rose and similar in color to the former, but with a lighter shade of pink.

**CROWNING GLORY** — A lovely light pink Rose and similar in color to the former, but with a lighter shade of pink.

**DEAN JONES** — A lovely light pink Rose and similar in color to the former, but with a lighter shade of pink.

**DR. J. V. FLEET** — A lovely light pink Rose and similar in color to the former, but with a lighter shade of pink.

**DR. W. VAN FLEET** — Flowers when open run four inches and over in diameter. The center is built high, petals beautifully undulated and cupped. The color is a remarkable delicate shade of flesh-pink on the outer surface; deepening to rosy-flesh in the center.

**GEORGE ROHAN** — A lovely light pink Rose and similar in color to the former, but with a lighter shade of pink.

**GOLDEN WINTER** — A lovely light pink Rose and similar in color to the former, but with a lighter shade of pink.

**H. W.** — A lovely light pink Rose and similar in color to the former, but with a lighter shade of pink.

**H. W.** — A lovely light pink Rose and similar in color to the former, but with a lighter shade of pink.

**THE NEW HARDY CLIMBING ROSES—Concluded**

**GARDENIA (The Hardy Marechal Nieth)**—This hardy rose has proven itself hardy in Virginia and Tennessee. It is a deep golden-yellow of the largest size. 25 cents each; two-year plants, 45 cents each.

**GOLDFINCH**—A deep golden-yellow climbing rose, called by some the Yellow Thousand Beauties; a glorious Rose. 25 cents each; two-year plants, 45 cents each.

**MARY LOVETT**—In this Dr. Van Fleet has brought out another Wichurania Hybrid, a cross between a seedling Wichuriana and Kaiserin Augusta Victoria and termed a “White Dr. Van Fleet.” This rose has done well in 1910, and is strongly recommended. Loses foliage early. 35 cents each; no two-year plants to offer.

**PAUL’S CARMINE PILLAR**—The earliest of the Climbing Roses to come into flower. Color a rich rosy-carmine with white eye. 25 cents each; two-year plants, 45 cents each.

**PAUL’S SCARLET CLIMBER**—The flowers of this superb Rose are vivid scarlet shaded with bright crimson. A gold medal Rose of England. A new shade in Climbing Roses. 25 cents each; two-year plants, 45 cents each.

---

**Hardy Climbing Roses, Including Ramblers**

Price, 25 cents each; any five for $1.00. Two-year-old plants, 45 cents; three for $1.00.

**AVIATEUR BLERIOT**—Saffron-yellow, golden center.

**BALTIMORE BELLE**—Blush-white, in large clusters.

**CLIMBING BABY RAMBLER**—Bright red; blooms all the time.

**CRIMSON RAMBLER**—The flowers are in huge red panicles.

**DOROTHY PERKINS** (Perkins, 1902) (W.)—A most beautiful deep pink; the flowers are borne in large clusters of small double blooms and are very sweetly scented; quite first class. Another Rose for the masses.

**EMPERESS OF CHINA**—Bright pink, in large clusters.

**FLOWER OF FAIRFIELD**—The everblooming Crimson Rambler.

**FORTUNE’S DOUBLE YELLOW,** or **BEAUTY OF GLAZENWOOD** (Fortune, 1845) (H. N.)—Yellow, flaked with carmine.

This is a great Rose in California, where it is seen at its best although suited for general planting.

**HAWATHA**—Brilliant ruby-carmine with clear white eye.

**LADY GAY**—Very double, deep pink, in large clusters.

**MADAME ALFRED CARRIERE**—Pure white suffused with yellow at base of petals.

**MARY WASHINGTON**—Pure white; perfectly double; fine.

**PHILADELPHIA RAMBLER**—Clusters of darkest crimson.

**PRAIRIE QUEEN**—The old stand by red climber.

**WHITE DOROTHY PERKINS**—Pure white, in immense clusters.

**YELLOW RAMBLER** (Aglia)—Light lemon-yellow.

---

**Moss Roses**

These are probably a sport of the Cabbage Rose. The origin of the Double Moss Rose is left to conjecture. They have always been favorites, for what can be more elegant than the bud of a Moss Rose, and more delicious than its fragrance? Perfectly hardy.

Price, 35 cents each; two-year-old plants, 55 cents.

**ELIZABETH ROWE**—This is an old favorite with its large deep pink buds well mossed. A beauty.

**HENRI MARTIN**—Large, full flower of deep red; well mossed; fragrant.

**MOUSSELINE**—Pure white flower, buds heavily and beautifully mossed.

**PRINCESS ADELAIDE**—Deep blush-pink, with buds that are thoroughly mossed.

---

**Miscellaneous Roses**

Under this heading are listed all the Roses not embraced in the different families or types that we name in the preceding pages.

**AMOENA, The Pink Flowering Cherokee Rose**—The flowers are the same as the White Flowering Cherokee, except that the color is a glowing pink with a golden-yellow center. Resembles huge apple blossoms. 25 cents each; two-year plants, 45 cents each.

**LAEVIGATA, the Single White Cherokee Rose**—This is the famous Cherokee Rose so well known in California. Large pure white flowers with center filled with golden-yellow anthers. 25 cents each; two-year plants, 45 cents each.

**WICHURAIANA, or MEMORIAL ROSE**—It is difficult to conceive anything more appropriate, beautiful and enduring for covering graves and plots in cemeteries than the Hardy Memorial Rose. It creeps along the ground as closely as an Ivy. The flowers are produced in lavish profusion in July. They are single, pure white, with a golden-yellow disc, five to six inches in circumference. It is also immensely valuable as a Climbing Rose covering arches, fences, etc. 25 cents each; two-year plants, 45 cents each.

**WHITE BANKSIA, or LADY BANKS**—Pure white; violet fragrance. 25 cents each; two-year plants, 45 cents each.

**YELLOW BANKSIA, or LADY BANKS**—Deep yellow; violet fragrance. 25 cents each; two-year plants, 45 cents each.
GLADIOLI
(Sword Lily)

Gladioli are among the most popular of all garden flowers. Each year the size, color, and beauty of these wonderful flowers are being improved upon. They are very easy to grow and will do well in almost any soil under any condition. If planted in the richest place of your garden and given plenty of sun and moisture they will, however, repay you with extra-large and gorgeous colors.

To obtain a continuance of blooms during the greatest part of the season, it is advisable to plant at intervals of ten days, from the last week in April until the middle of June.

Some varieties will bloom in seventy-five to eighty days from the date of planting, but most sorts require eighty-five to ninety days. Plant the bulbs about 3 or 6 inches deep and from 3 to 4 inches apart.

In October, when the foliage has turned yellow, dig the bulbs, cut the stems off within an inch of the bulbs, and dry them thoroughly. Then remove the old roots and store the bulbs in a cool, dry place where frost cannot reach them.

Their easy culture appeals to all, and the freedom from disease and insect pests is another great asset. They associate so well with all garden flowers, but above all are the decorative possibilities both as a cut flower subject and also in the garden. The collection we here offer is unsurpassed and will be a source of great delight to all who plant them. The flowers last a long time when cut. Do not be stingy in planting Gladioli, but plant by the dozen, or even by the hundred. Varieties marked with an asterisk (*) are particularly fine for forcing.

The collection we offer embraces the introductions of such noted hybrids as Betscher, Childs, Diener, Kunderd and others. It includes the best of the new ruffled varieties as well as the best of the new Primulinus group.

---

**ADELINA PATTI—**Very large flower.
Dark violet.

Mixed Primulinus Hybrid

These hybrids gained by crossing the species Primulinus with the larger varieties of the Glandenensis type, have retained all the daintiness and graceful form of their Primulinus parent, even to the "hood" formed by the drooping of the upper petal, and have the added beauty of a Washington, D. C. Another "President" such a plant was at the Garden Pier at Atlantic City, while several more were to be seen in the largest public parks in this country where these beautiful flowers received the unqualified admiration of every Cannossipper. Naturally a tremendous demand has been created. We consider this the best red Canna ever sent out. 35 cents each; 3 for 95 cents; 12 for $3.50; 100 for $25.00.

ALLEMANIA—Ground color yellow, heavily dotted and overlaid with blood-orange. Five feet. 30 cents each; 3 for $2.80; 12 for $22.00.

AUSTRIA—Pure yellow with crimson markings in throat. A beautiful shade; the color of light. Four and one-half feet. 30 cents each; 3 for $2.80; 12 for $22.00.

CITY OF PORTLAND—This is one of the most beautiful pink Carnas. A fine bedding variety; well filled trusses of large flowers. Green foliage. Three feet. 35 cents each; 3 for 95 cents; 12 for $3.50; 100 for $25.00.

GAIETY—Reddish orange, streaked with carmine and edged with yellow. The tongue is yellow and densely spotted with carmine. Four feet. 25 cents each; 3 for 65 cents; 12 for $2.00; 100 for $15.00.

INDIANA—ArrayListing golden orange flowers, with silky texture. Very attractive. 25 cents each; 3 for 65 cents; 12 for $2.00; 100 for $15.00.

KING HUMBERT—In this grand Italian Canna we have a combination of the highest type of flower with the finest bronze foliage. Its flowers, which under ordinary cultivation will measure six inches in diameter, and which are produced in heavy trusses of gigantic size, are of a brilliant orange-scarlet, with bright red markings, while the foliage is broad and massive and of a rich coppery bronce with brownish-green markings. Five feet. 35 cents each; 3 for 95 cents; 12 for $3.50; 100 for $25.00.

MEPHISTO—A brilliant deep, rich red; a wonderfully satisfactory Canna. Five feet. 30 cents each; 3 for 80 cents; 12 for $2.80; 100 for $22.00.

METEOR—Immensely trusses of large, rounded flowers, well displayed above the massive foliage; brilliant crimson. Flowers keep well and are self-cleaning. Five feet. 30 cents each; 3 for 95 cents; 12 for $2.80; 100 for $22.00.

MISS FLORENCE HALL (Queen of the Canna Caravan)—We can't describe it, but hope simply to hint at its gaily splendor. Foliage rich green, 3 feet, massive trusses of immense flowers, a constant bloomer, and its delicate harmony of colors do not fade in our hottest sun. This is a pink Canna, but unlike anything on the market today. Its blossoms are massive, but it is not its bigness that captivates you, it is its Color. A great peach orchard in full bloom with its rich pink, its warm flesh and glints of gold only suggests the beginning of the color scheme in this new child of the Canna family. The outer portion of the immense bloom is a rich pink graduating to the center with splashes of warm flesh with just enough of gold flecked into the throat to please the most exacting eye. This Canna is the Marvel of Marvels. 75 cents each; 3 for $1.00; 12 for $3.75; 100 for $27.00.

MRS. ALFRED CONARD—Grandest flesh-pink, most striking and beautiful; height four feet. 35 cents each; 3 for 95 cents; 12 for $3.50; 100 for $25.00.

ORANGE BEDDER—This is particularly useful and attractive bedding variety, of a bright orange with just enough scarlet suffusion to intensify the dazling mass of color. Four feet. 30 cents each; 3 for 80 cents; 12 for $2.80; 100 for $22.00.

ROSE CANNAS—A large flower with rounded petals and full throat. Color a rosy pink. 30 cents each; 3 for 80 cents; 12 for $2.80; 100 for $22.00.

SECRETARE CHABANNE (Green).—A distinct and pleasing shade; a fine bedder. Three and one-half feet. 40 cents each; 3 for $1.00; 12 for $3.75; 100 for $27.00.

UNCLE SAM—The most stately of all Carnas; bears three or four enormous bunches of brilliant orange-scarlet flowers; on each stalk. Received an award of merit from the Royal Horticultural Society of England. Six feet. 30 cents each; 3 for 80 cents; 12 for $2.80; 100 for $22.00.

WILLIAM BATES—A light canary-yellow; fine bloomer. Four feet. 30 cents each; 3 for 80 cents; 12 for $2.80; 100 for $22.00.

Gladioli in Mixture

Persons who do not plant mixtures—no matter how many of the named kinds they plant—will miss much of the pleasure of this grand flower. In color every magnificent and gorgeous combination conceivable is represented. The richest of self-colors, biotched, etc.; finest white and pastels of every tint and color. Each, 6¢; dozen, 60¢; hundred, $4.00; thousand, $35.00.

BEAUTIFUL CANNAS

Cannas are called the poor man's Orchid because one may possess a perfect riot of color in his yard or garden for the minimum of both outlay and labor. They grow rapidly and bloom luxuriantly throughout a long season, requiring merely ordinary hoeing and weeding and they always respond to plenty of water. Soak the ground thoroughly. Planted in beds of any formal shape, in rows or in front of porches and foundation walls, their rich, tropical foliage and bright bloom will repay their care and the insignificant trouble of winter storage. Cannas are among the most popular and magnificent of the summer blooming plants and seem to do equally well in all sections of the country. Cannas are gross feeders; they need a generous amount of fertilizer and in dry weather should be watered freely. For best effects plants set out in large blocks, say 2 feet apart, allowing each plant room for individual development, will make a marvelous show in any planting plan. Plant Cannas by the dozen and the hundred, there is nothing more attractive for bedding purposes.

THE PRESIDENT—Height four feet. In color, a rich, glowing scarlet and the immense, firm, rounded flowers, 7 inches across when open, are produced on strong, erect stalks well above the large, rich green foliage. "The President" is superior to any other red variety in the quantity and also the quality of bloom, and the firm flowers resist drought and heat to a remarkable degree. A large bed of this variety was planted last year on the grounds of the Washington, D. C. Another "President" Canna bed was on the Garden Pier at Atlantic City, while several more were to be seen in the largest public parks in this country where these beautiful flowers received the unqualified admiration of every Cannossipper. Naturally a tremendous demand has been created. We consider this the best red Canna ever sent out. 35 cents each; 3 for 95 cents; 12 for $3.50; 100 for $25.00.
CARNATIONS  THE DIVINE FLOWER  PINKS

For beauty of flower and color, ease of culture, certainty and freedom of bloom, together with exquisite fragrance, this is well called the "Divine Flower." Plants in the open ground or in pots quickly make large specimens, and when brought indoors in the fall produce an abundance of flowers throughout the entire winter. Carnation blooms are expensive; don’t buy them—grow them yourself. Pinch the plant back frequently during the summer season. In the fall bring indoors, place in a four or five-inch pot, keep in temperature of forty or fifty degrees at night, and they will yield an immense number of flowers, with splendid double as fine as those sold by florists. If not pinched in they will bloom profusely during the summer. We offer the finest varieties in existence. Your order is incomplete without some Carnations.

Excelsior Collection of Choice Carnations

20 cents each; 3 for 50 cents; 12 for $1.80.

CHAMPION—This is by far the darkest Carnation ever seen, and at the same time the most abundant bloomer. Brilliant dark red, shaded with richest maroon, fringed petals, nearly every flower being on a long stem. This variety surpasses in richness of color the most perfect Jacqueminot Rose.

GLORIOSA—This variety has been greatly admired wherever it has been seen for its desirable color, being a beautiful light pink satin color; flowers large size and very freely produced. Plant of grand habit and vigorous growth. It is a superb variety.

GOOD CHEER—One of the most fragrant Carnations we have seen. Color a clear, bright, glowing scarlet; a most continuous bloomer and distinct in color from any other sort offered. Greatly admired by all who have seen it growing here.

MATCHLESS—Largest flowers of the purest immaculate white; large sized blooms. Valuable for garden planting and for pot culture. Very sweetly scented with that delightful old-fashioned clove fragrance.

SENSATION—Certainly a grand pink Carnation of the largest size and deliciously scented.

Prize-Winning CHRYSANTEMUMS

SPRING IS THE PROPER TIME TO PLANT CHRYSANTHEMUMS FOR FUTURE BLOOMING.

Chrysanthemums deserve a place in every garden, coming as they do after the Summer flowers have begun to wane, and continuing to bloom profusely in most places until well into November. The cultivation of these ‘Mums’ is simple: Plant them in a rich, well-drained piece of ground, setting out the plants a foot apart and pinching them once or twice during the months of May or June. They will branch out and make beautiful bushes and give the cultivator more return for the labor expended than any plant in the garden. There is a place for ‘Mums’ in every garden in America. The following varieties are the cream of all the ‘Mums’ to date:

Price, 20 cents each, except where noted; 3 for 50 cents, 12 for $1.80.

BLACK HAWK—An extra fine deep crimson variety of the largest size; none finer of its color.

BRONZE BEAUTY—Beautiful bronze color; reverse yellow.

CHARLES RAGER—Pure white, incurved. Perfect flower.

CHIEFTAIN—The most popular pink; good in every way.

CHRYSOLORA—The best yellow for early October.

CLEMENTINE TOUSET—The most wonderful of all white “Mums.” Pure snow-white, often flushed pink; of immense size.

COLONEL D. APPLETON—One of the best yellows for commercial and exhibition use.

DOLLY DIMPLE—A fine large built variety. White tipped pink.

DR. ENGUEHARD—Bright rose-pink; extra fine.

GOLDEN GLOW—Bright yellow, good stem and foliage; a crackjack.

GOLDEN GLEAM—A fine yellow.

GOLDEN QUEEN—The best yellow for early October, maturing about the 10th. Same color as Golden Glow, fine incurved form. 25 cents each; 3 for 65 cents; 12 for $2.00.

HARVARD—Japanese reflexed, very dark crimson; extra. 25 cents each; 3 for 65 cents; 12 for $2.00.

HARVEST HOME—A beautiful bronze.

H. W. BUCKBEE—A fine snow-white.

L’AFRICANE—Touted by many to be the best red "Mum.”

LOUIS BOEHMER (Ostrich Plume)—A most beautiful shade of lavender-pink.

MAJOR BONAFON—One of the very best deep golden-yellow Chrysanthemums; beautiful flower, both in form and color; incurved.

MARIGOLD—As a golden-yellow it is unsurpassed both as to size and color. A monster flower. 25 cents each; 3 for 65 cents; 12 for $2.00.

MILLICENT RICHARDSON—A glorious red flowering “Mum,” large bloom.

MISS FLORENCE PULLMAN—Many think this superb white cannot be beaten.

MISS MINNIE BAILEY—One of the grandest all pink Chrysanthemums. In finish it is exquisite, showing not the slightest trace of coarseness.

MRS. EDWARD SEIDWITZ—A very late variety of beautiful incurving form, quite full, brilliant pink, good enough to follow Chieftain, which is saying a good deal for it; it is a nice grower.

MRS. HENRY ROBINSON—Incurved white; a splendid variety.

OCONTO—Large white blooms; on strong stems.

PACIFIC SUPREME—This grand variety has literally leaped into popularity. Flowers are so large as to startle you. The color shades from lavender-pearl to the richest pink.

PINK BUCKBEE—A lovely shade of pink and lilac.

RICHMOND—Bright golden yellow.

RIO DE ITALIA—Flowers of mammoth size and deep golden-yellow; really a wonder.

ROMAN GOLD—Very intense yellow, showing bronze tints in the depths of the petals, hence the name.

SILVER WEDDING—White with a slight pink tinge; ball shaped; extra fine.

TIGER—A splendid yellow. Flowers very full, bright color, with excellent stem.

TINTS OF GOLD—Has the coloring of a beautiful golden sunset.

UNAKA—A fine incurved bloom of a pleasing asade of pink.

WHITE BONAFON—Incurved white; still largely grown for its many good qualities.

WHITE CHIEFTAIN—Beautiful incurving white.
Early Large-Flowering Chrysanthemums

So many persons have asked for varieties of Chrysanthemums that would flower before frost comes in the fall. We here offer the very best early "Mums," so you can see them flower in the garden.

**ADVANCE**—The earliest flowering large white; has been in bloom in July.

**EARLY SNOW**—The earliest of all white "Mums." Superb.

**ESTELLE** (or Polly Rose)—Pure snow-white; literally covers the plant.

**GLORY OF THE PACIFIC**—A lovely shade of brightest pink; large and fine.

**OCTOBER FROST**—Purest snow-white; fairly glints in its purity.

**YELLOW ADVANCE**—By far the best; very early; yellow, rich, and fine.

Hardy Pompon Chrysanthemums

These beautiful varieties are again very popular for outdoor bedding purposes. They are quite hardy, and with but a slight covering of leaves or coarse stable litter during the winter will take care of themselves after once planted, and produce an abundant, almost lavish, profusion of bloom; and the plants lend a coloration to the garden just at a time when other plants have been destroyed by frost and are looking their worst. Frost does not materially affect the flowering, and it will frequently happen that an armful of flowers can be cut after a sharp frost. **Price, 20 cents each; 3 for 50 cents; 12 for $1.80.**

**BABY, or GOLDEN BUTTON**—Deep golden-yellow; covers the plant.

**CANARY BIRD**—Rich, golden-yellow, extra.

**FRANK WILCOX**—The very best bronze, shading to fine red.

**GOLDEN CLIMAX**—Orange-yellow. The best yellow in cultivation.

**IDA**—The best true yellow.

**LILLEA**—Terra-cotta shade.

**RED BUTTON**—Old rose color.

**RHODA**—Rosy-lake or red.

**SNOWDROP**—A beautiful white.

**WESTERN BEAUTY**—Rosy-pink; extra.

Hardy Large Flowering Chrysanthemums

The majority of Chrysanthemums are hardy south of the Ohio River and many are hardy in the Northern states, as far as the plant is concerned, but they must flower before early frosts to be of service. The varieties offered below generally flower from the last of August to the fifteenth of October. **Price, 20 cents each; 3 for 50 cents; 12 for $1.80.**

**AUNT MARY**—Pierly terra cotta or rosy-crimson.

**DIANA**—Snow-white, very free.

**EXCELSIOR**—Rich fine yellow.

**GLORY OF SEVEN OAKS** (Carrie)—Deep golden yellow; a beauty.

**INDIAN**—A fine shade of Indian-red.

**JACK FROST**—Snow-white; very free flowering.

**LILLIAN DOTY**—Flowers beautiful shell pink.

**OLD LAVENDER**—A beautiful shade of lavender.

**SNOW STORM**—Purest white. A large, splendid flower that is most attractive.

**SUNSHINE**—Bronzy-yellow; large flower.

Cultivation of Dahlias

Dahlias are easily grown, requiring no special soil, or treatment, to bring them to perfection. They love an open sunny location, but succeed in partial shade. Prepare the soil thoroughly by digging 12 to 18 inches deep, possibly in the fall and then again in the spring, before planting.

If the soil is poor, work in some well-rotted stable manure, or artificial fertilizer, but don't overdo this.

Dig the holes 3 feet apart, and about 6 inches deep; drive a stout stake in each hole, and lay the tuber down flat, with the eye to the stake, and cover with two to three inches of fine soil, leaving the hole to be filled after the plant comes up.

Plant any time between April 1st and June 15th.

When the plants have made their third set of leaves, cut out the top, to make them branch.

The most important thing from now on is hoeing and cultivating the soil, until the buds appear; then give the beds a good mulching of manure, to keep the ground moist; and water the plants thoroughly once or twice a week.

If red spider or thrips appears, spray with a nicotine solution.

To have large blooms, it is absolutely necessary to disbud; that means, to break off all the side shoots on each stem, above the first or second set of leaves, leaving the sprouts near the base of each stem, so as to insure a new crop of blooms. Dahlias will continue to bloom, until the frost kills the tops; the tubers are dug and stored in a dry cellar or basement, cover them with dry sand, soil or sawdust, to keep from shriveling. Divide the tubers in the spring after the eyes show plainly, being careful, that each tuber has an eye. Cover them again and keep dry until planted.
Decorative Dahlias

These come next to the Cactus as a cut flower. Are also very showy in the garden, being unusually free bloomers. Are more formal in make-up than the Cactus Dahlias, but not so formal as the show varieties—a happy medium between the two.

CUBAN GIANT—Flowers of great size, measuring six inches across. Color dark, glowing crimson, shaded maroon. Magnificent. 25 cents each; 3 for 65 cents; 12 for $2.00.

DELICE—One of the best pink Dahlias in any class, very valuable for cutting on account of its firm substance, lasting qualities and good stems. The flowers are full and perfectly formed; a soft rose-pink. 25 cents each; for 65 cents each; 12 for $2.00.

FRANK L. BASSETT—Color bright royal purple, shading to lavender-blue, an extremely early and profuse bloomer. 25 cents each; 3 for 65 cents; 12 for $2.00.

JACK ROSE—Magnificent flower with perfect form. Color rich crimson-red, shaded maroon. Magnificent for its counterpart among roses, the famous “General Jack.” 25 cents each; 3 for 65 cents; 12 for $2.00.

JEANNE CHABOT—Beautiful cutting flower type, of formal construction and refinishing color arrangement; violet rose, over sporting lighter shades. 35 cents each; 3 for $1.00; 12 for $3.50.

LAVENDER QUEEN—New, large, fine, shaped dahlia of deep lavender. The nearest to blue of any dahlia we ever have seen. Tall and imposing. Very free flowering. $1.00 each; 3 for $2.50; 12 for $9.00.

MATCHLESS—Deep crimson, of large size; an early and late bloomer. This we consider one of the best ten Dahlias! Very handsome and a conspicuous feature in the garden. 25 cents each; 3 for 65 cents; 12 for $2.00.

MINOS—One of the finest Dahlias to date. Flowers are large and exceed in beauty, borne on long, graceful, wiry stems. The color is intense, velvety maroon, almost black. An ideal cut-flower variety. Fine for all uses. 25 cents each; 3 for $1.00; 12 for $3.00.

MINA BURGEL (New)—Best scarlet-red decorative Dahlia ever introduced. This wonderful Dahlia is a California introduction and is the best of its color. The form is perfect decorative type, petals being broad and flat; has a perfectly full center and is a Dahlia that can be grown to an immense size with ordinary treatment. It was very prominent at the Panama-Pacific International Exposition where it was grown in masses around the Horticultural building. It shows very slightly under artificial light and for cutting purposes is unsurpassed. We were fortunate in securing a stock of this variety, and can highly recommend it to our customers. $5.00 each; 3 for $15.00; 12 for $50.00.

MRS. J. GARDNER CASSATT—The finest rose-pink Dahlia that has attracted great attention. The flowers are of immense size. Said by many to be the finest of all deep pink Dahlias. 25 cents each; 3 for 65 cents; 12 for $2.00.

OBAN—Old rose and yellow suffusion. 25 cents each; 3 for 65 cents; 12 for $2.00.

OREGON BEAUTY—Intense Oriental red. Large flowers on long stems and plenty of the Dahlia variety for any garden. Has been rightly characterized as a brilliant cut-flower. Makes any garden look conspicuous. 25 cents each; for 65 cents each; 12 for $2.00.

PARRY CHARMER—(Parry.)—A very brilliant, deep coral-red, overlaid with a darker shade of velvety maroon. The plant is a vigorous grower, with heavy, dark, glossy green foliage and a remarkable constitution. The general color effect being a rich crimson maroon. 35 cents each; 3 for 95 cents; 12 for $3.50.

QUEEN MARY—This is a stronger grower than Delice. A large flower with full, rounded center. The color is a soft shade of crimson. 50 cents each; 3 for $1.50; 12 for $5.00.

SOUVE. DE GUSTAVE DOAZAN—Mammoth flowers with long, even petals 1 to 1½ inches wide; center rounded-up and much darker than balance; brilliant orange-red. A great showy and very showy. 25 cents each; 3 for 65 cents; 12 for $2.00.

SYLVIA (or Dolly)—Flowers from six inches in diameter; of fine form and full to the center, which is white, shaded to soft pink on the outer petals. In freedom of bloom next to the Countess of Lonsdale. A magnificent Dahlia. 25 cents each; 3 for 65 cents; 12 for $2.00.

THE PRIDE OF CALIFORNIA—Called the American Beauty Dahlia. This Gold and Silver Medal Dahlia is crimson red, with dark full center. Huge flowers on long straight stems. Excellent for exhibition, and a cut-flower with fine keeping qualities. This Dahlia not only is an excellent exhibition cut-flower with fine keeping qualities, but greatly beautifies the garden with its bright attractive blossoms. $1.00 each; 3 for $2.50; 12 for $9.00.

WILLIAM AGNEW—Intense glistening crimson-scarlet, of large size, and gracefully recurving form. The most popular standard red. 25 cents each; 3 for 65 cents; 12 for $2.00.

Show and Fancy Dahlias

These are the old-fashioned Dahlias of our mothers’ gardens. Perfect in shape and outline.

ARABELLA—Primrose-yellow, tipped and shaded old rose and lavender; very fine. 25 cents each; 3 for 65 cents; 12 for $2.00.

CALEB POWERS—(Show.)—One of the good show Dahlias; petals open back in a rich rose-pink. The flowers are very delicate lilac rose, shading lighter at center. 35 cents each; 3 for $1.05; 12 for $3.50.

GRAND DUKE OF ALEXIS—This is one of the most delicately beautiful of all Dahlias. Very large, perfect form, with long, thick quilted petals overlapping at the ends. White, slightly tinged and suffused delicate lavender. Ethereally beautiful. 50 cents each; 3 for $1.50; 12 for $4.50.

MAUDE ADAMS. (Alexander’s New Show Introduction.)—The color is a pure snow-white, very effectively overlaid clear deli- cate rosy pink. The flowers are very large and full and of wonderful quality in every respect, in reality a model of perfection. Undoubtedly this is the finest and most promising Dahlia introduced, and as a flower for cutting it is destined to become one of the most popular. We can highly recommend this variety. 50 cents each; 3 for $1.50; 12 for $5.00.

QUEEN VICTORIA—Pure canary-yellow. One of the freest bloomers. Good for cutting. 25 cents each; 3 for 65 cents; 12 for $2.00.

ROBERT BROOMEFIELD—Pure snow-white. Of large size. A very free bloomer. Grand for cut flowers. We recommend this variety. 25 cents each; 3 for 65 cents; 12 for $2.00.

STORM KING—The most reliable white Show Dahlia to date. Color, a pure white. Flowers produced on good stems, well above the foliage. Free flowering. 25 cents each; 3 for 65 cents; 12 for $2.00.

VIVIAN—A great favorite which received the admiration of everyone who saw its wonderful flowers, the color being white, effectively edged rose-violet. An extremely wonderful blending of color possessed only by the rare novelties. One of our champions and a variety worthy of the highest words of praise. 35 cents each; 3 for 95 cents; 12 for $3.50.

WHITE SWAN—A beautiful pure white, medium size, and a pro- fuse bloomer on long stiff stems. Fine for cutting and the gar- den. 25 cents each; 3 for 65 cents; 12 for $2.00.

W. W. RAWSON. (Show.)—This popular novelty has been the admiration of all wherever shown the past season. The massive perfect flowers, often measuring 6 inches across, are borne on stiff stems about 15 inches long. The entire flower is absolutely perfect in outline and formation. The color is pure white, over- laid with amethyst-blue. 60 cents each; 3 for $1.80; 12 for $5.00.
Our Grand Garden Dahlias

No garden is complete without a show of these brilliant and stately autumn flowers, and nothing gives greater return for so little money and care. We offer dry bulbs and tubers, but if stock of these becomes exhausted, we will send started plants. We grow and sell fifteen acres of Dahlias each year.

Cactus Dahlias

So-called from their resemblance to Cactus flowers. They are characterized by long, narrow, pointed tubular and twisted petals of graded lengths, giving the flowers a striking and attractive appearance. Grand for cut flowers.

AVALANCHE—(Hybrid Cactus)—A gorgeous, glistening pure white, of the single type as Kniff. These flowers are large, and are produced on long, stiff stems, well above the foliage. The best white of its type. 35 cents each; 3 for $2.00; 12 for $7.00.

AURORA—Very free flowering; reddish-apricot, suffused with deep-pink, shading lighter at the tips. 15 cents each; 3 for $1.20; 12 for $5.00.

Charles Clayton—The strongest words of praise are not extravagant when applied to this wonderful new Cactus. It is the ideal in color, form, length of stem and general good habits, beyond which it would seem little could be hoped for. For color it is a most intense crimson, so vivid as to dazzle the eye; superb. 35 cents each; 3 for $9.50; 12 for $3.50.

COUNTESS OF LONSDALE—For perfection of bloom, erectness of stem, abundance of flower, this variety has never yet been equalled. On several of the plants we have counted over 150 perfect blooms on one plant. Is there any other garden flower that can equal it? Color is a rich salmon-pink, tinted apricot. 25 cents each; 3 for $6.50; 12 for $2.00.

FLORA—The ideal white for cut flowers. Pure color and extremely free blooming. 35 cents each; 3 for $9.50; 12 for $3.50.

FLORODORA—Deep, dark, rich wine-crimson splendidly shaped flowers on long, upright wiry stems. 35 cents each; 3 for $9.50; 12 for $3.50.

KRIEMHILDE—A most popular, cut flower variety. Color a brilliant pink, shading to white in the center. 25 cents each; 3 for $6.50; 12 for $2.00.

PRINCE OF YELLOWS—One of the best canary-yellows for cutting. 35 cents each; 3 for $9.50; 12 for $3.50.

QUAKER CITY—A fine new cactus of a most unique and attractive form. The flowers are large and each of the broad pointed petals is supplemented by 3 to 6 narrow pointed petals, giving it a most artistic effect. Color clear primrose yellow. A profuse bloomer. 1.00 each; 3 for $2.50; 12 for $8.00.

QUEEN OF HEARTS—(New).—The best white Cactus ever introduced. Pure white shading to lemon-yellow at base of the petals; very free bloomer. 25 cents each; 3 for $6.50; 12 for $2.00.

REINE CAYEAUX—Brillian Geranium-red; early and free; a great favorite. 35 cents each; 3 for $9.50; 12 for $3.50.

RUTH FORBES—(Hybrid).—The massive, clear pink flowers, composed of heavy petals, are often accompanied by stems measuring 2 feet in length; excel any other variety for large vase purposes. 25 cents each; 3 for $6.50; 12 for $2.00.

SPRINGFIELD—A new Dahlia of our own introduction. It is identical with Countess of Lonsdale except in two essentials. It has a darker stem and the flowers, instead of being a salmon-pink as in Lonsdale, in Springfield are a rich amaranthine-red. Its beauty cannot be described. No Dahlia blooms freer, no Dahlia is as pretty as Springfield. It lasts longer than any Dahlia we know. 35 cents each; 3 for $9.50; 12 for $3.50.

Peony-Flowered Dahlias

A new family of Dahlias originating in Holland. The artifical flowers are very large and are best compared with the semi-double Peonies in form. The gayest of all Dahlias for coloring.

CHATEENAY—Its beautiful salmon tints form a perfect contrast with the deep green foliage. Strong, sturdy, upright growth and produces its blossoms erect upon good long, stiff stems. The beautiful golden-yellow center completes the artistically arranged gem and lends an additional charm to this new acquisition. 1.00 each; 3 for $2.50; 12 for $9.00.

GEISHA—Wonderful Holland Peony-flowered Dahlia—The pride of the Peony-flowered Dahlias. This most sensational variety is the showiest and most attractive of this type in existence. It is a superb combination of brilliant scarlet and gold with an exquisite ring of rich golden-yellow at center. Occasionally the first flower comes fully double, but all that follow show that beautiful golden-yellow center which combines to make this flower the most charming. Its form is very original consisting of peculiarly twisted and curled petals which are very long and beautifully shaped. 75 cents each; 3 for $2.00; 12 for $7.00.

JOHN WANAMAKER—This is the most beautiful of all Dahlias, having a formation entirely its own in its charming irregularity. The flowers are alike, and yet not exactly alike, one of its charms. Violet mauve or soft lavender. Awarded first prize as the best pink Dahlia, any class, by the American Dahlia Society at the New York exhibition. The plant is a strong, vigorous, branching grower, and the earliest, most constant and profuse bloomer. 25 cents each; 3 for $6.00; 12 for $2.00.

KING OF AUTUMN—One of the finest decorative Dahlias ever introduced. The habit is absolutely perfect, with strong, sturdy stalks long, stiff stems and remarkably free-blooming. The coloring is something quite new and unique. One of the most delightful yellow combinations ever seen. Over the groundwork of rich yellow is laid shadows of copper, apricot and old gold. Obtaining several first-class certificates in Holland, this Dahlia is destined to become one of the most popular varieties ever introduced. 75 cents each; 3 for $2.00; 12 for $7.00.

Century Dahlias

This is an entirely new race of Single Dahlias. We consider today that the new Century Dahlias occupy first place where beauty of coloring and artistic effect is desired. Owing to their immense size, long stems, graceful carriage, combined with their purity of color or the blending of colors, shades and tints, they entirely outclass all other Dahlias for cut flowers. Keep each variety when cut in a separate vase.

BIG CHIEF—Rich crimson with maroon shadings on margin. 25 cents each; 3 for $6.50; 12 for $2.00.

FRINGED CENTURY—Intense rose-carmine with lighter edges, fringed or cleft petals; blooms all summer; fine for cutting. 25 cents each; 3 for $6.50; 12 for $2.00.

VARIEGATED LISZT—Dark oriental red, with yellow tips and markings. A superior variety for decorations, especially where a bronzy effect is wanted. 25 cents each; 3 for $6.50; 12 for $2.00.
BEAUTIFUL HOUSE FERNs

There are no plants grown that are more desirable for the house than the following fine decorative Ferns. They are easily grown, free from insects and diseases, and thrive well in the ordinary temperature of the living room. See that the plants have plenty of drain age and are kept well watered; never let dry out for any length of time. Everyone of these Nephrolepis Ferns is entirely distinct in every way. That we are headquarters for Ferns is evidenced by the choice assortment that we offer. No other firm offers so many distinct and choice varieties. Try us for Ferns.

The "Teddy Junior" Fern

Nephrolepis Teddy Junior.

"Teddy Junior," the Fern for every household. This grand Fern was introduced recently by G. & R. The fronds are broad and beautifully tapered from base to tip; they droop just enough to make a gracefully graceful plant, permitting it to finish with a fine full center and perfect symmetrical spread. The pinnae are distinctly undulated, giving the fronds an attractive wavy aspect, and a symmetrical form to their charming decorative effect. "Teddy Junior" will produce about four times more fronds than any other Fern ever introduced, finishing with over to sixty fronds in a four-inch pot. Fine young plants, 25 cents; strong plants, 75 cents.

The "Roosevelt" Fern

Nephrolepis Roosevelt.

It is our good fortune and great pleasure to offer to you this wonderful new Fern, having introduced it in 1910. In this short time it stands second in popularity of all the Ferns, and will soon or more popular than even the old favorite Boston Fern. In general characteristics it resembles the world-famous Boston Fern, but it will sweep that Fern from the boards for two reasons: it produces many more fronds than the Boston, thus making a bushier, harder, more robust plant; then the pinnae are beautifully undulated, giving the "Roosevelt" a pronounced wavy effect seen in no other Fern; as the plant ages this effect becomes quite distinct. A charming and most desirable variety. Fine young plants, 25 cents each; strong plants, 75 cents.

New Fern "Liberty"

This is our own production. In the past we have sent out Baby's Breath, Teddy Junior and Roosevelt, the three greatest Ferns today, acknowledged so by all plantmen and flower lovers, and now we add another one to the galaxy, "Liberty," no doubt the best of them. All the fronds have finely divided pinnae that give them a very beautiful appearance, while the whole plant is overlaid with a bluish cast that makes it a very striking object.

Wonderfully beautiful, different from all other Ferns. First time offered. Fine young plants, 35 cents each; strong plants, $1.00 each. Be sure and try this beautiful Fern.

The "Big Four" Fern

Nephrolepis Splendida.

This is the most wonderful Fern of them all; it originated with G. & R., and is now offered for the first time. It combines the good qualities of the four most popular sorts. It has the grace of a Boston; the wavy effect of a Roosevelt, the fluffy effect of an Ostrich Plume; the uniqueness of a "Fish Tail." Some fronds will be straight "Boston," others will be true "Roosevelt" in others the ends of the pinnae will be the feathered "Ostrich Plume," while in others the ends of the pinnae will be the genuine "Fish Tail." There again some fronds will have in a marked degree all of these desirable traits, forming a combination without parallel among Ferns. It well deserves the name of "Big Four Fern." Every one who sees it goes "daffy" about it. This is without question the most splendid of all the Nephrolepis. Be sure and try it. Fine young plants, 25 cents each; strong plants, 75 cents.

The "Wannamaker Fern"

Nephrolepis John Wannamaker.

A new Fern of wonderful beauty. Long, narrow, gracefully drooping fronds. It is not so compact as Schodoh, and, therefore, is a very airy and graceful Fern, and very durable in the house. A rapid grower; quite distinct from other Ferns. Fine young plants, 30 cents; strong plants, 75 cents.

The "Ostrich Plume Fern"

Nephrolepis Whitmanii.

A great Fern. In fact, it is a plant that appeals to everyone, and on that account will prove a much more valuable and profitable plant than other Ferns of this class. Everyone who has seen it is charmed with it. As someone has expressed it: "There is nothing like the Ostrich Plum Fern in cultivation." In decorative effect it is far out distances the original variety that there is positively no comparison to be made. We consider it the most valuable novelty that has been introduced in many, many years." It has taken gold medals wherever shown. Fine young plants 35 cents; strong plants, 65 cents.

The "Baby's Breath Fern"

Nephrolepis Goodll.

This Fern is splendid to use for Fern Dish Planting. It has the finest foliage of all the Ferns. It is so delicate that a lady on seeing it exclaimed, "Call it the Baby's Breath Fern, as it is so dainty in texture that a baby's breath would set its fluffy foliage in motion." The fronds are very fine and filmy, on which account it has been called by some the Lace Fern. It is an improved variety, and the best of its type. Nothing is daintier or more exquisite than well grown specimens in any size. Fine young plants, 50 cents; strong plants. $1.00.
BEAUTIFUL HOUSE FERNS—Concluded

The "Newport Fern"
Nephrolepis Scotti

Of much dwarfer and bushier growth than the Boston Fern. The fronds droop gracefully, and are not as long and heavy as the Boston. It is a rapid grower, and to see it in all stages of growth from a runner in the bench to a 14-inch pot specimen will convince you that it will be in great demand as a house Fern. This has always been a favorite variety. Fine young plants, 30 cents; strong plants, 75 cents.

The "Parlor Fern"
Nephrolepis Whitemani Compacta

This is a condensed form of the "Ostrich Plume" Fern, with valuable characteristics added which are not evident in the parent, the pinnae subdividing, making miniature fronds which are super-imposed on the main fronds, looking as if two or more were condensed into one. Graceful beyond description. Fine young plants, 35 cents; strong plants, 75 cents.

The "Philadelphia Lace Fern"
Nephrolepis Elegantissima

The small size pinnae, or leaflets, are subdivided into perfect miniature fronds; the side pinnae stand at right angles to the midrib of the fronds, on edge instead of flat, giving both sides of the main frond the same beautiful appearance. It is impossible to conceive of the beauty and grace of this wonderful Fern from the description. Fine young plants, 35 cents; strong plants, 75 cents.

The "Old Original Sword Fern"
Nephrolepis Exaltata

This is the "old original Sword Fern," the "daddy" of them all. the plant from which all the Nephrolepis we offer sprang. It is entirely different from any of its progeny, having narrow fronds that are long and of very erect growth. For this reason it is more largely used in centerpieces than any of its descendants. Fine young plants, 25 cents; strong plants, 75 cents.

The "Crested Fern"
Nephrolepis Scholzei.

The fronds are crested and stand erect, with a graceful arch, forming a plant of ideal shape, and they never break down, giving the plant a ragged appearance, as is so often the case with other flounced ferns; furthermore, the loose, elegant arrangement of the fronds, allowing a free circulation of air through the foliage, prevents the center of even the largest specimen from becoming defective or yellow. Fine young plants, 25 cents each; large plants, 50 cents.

The "Boston Fern"
Nephrolepis Bostoniensis.

In the vicinity of Boston, no other plant is so extensively used as this graceful Nephrolepis, which differs from the ordinary Sword Fern in having much longer fronds, which frequently attain a length of six feet. These arch and droop over very gracefully, on account of which it is frequently called the Fountain Fern. This drooping habit makes it an excellent plant to grow as a single specimen on a table or pedestal. This Fern should not be compared with the Ostrich Plume Fern, as they are of a entirely different growth. Fine young plants, 25 cents; strong plants, 76 cents.

The "Fluffy Ruffles Fern"
Nephrolepis Superbissimiss.

This new Fern is quite different from all other Ferns. Its distinguishing characteristics are its dark green foliage, darker than any other Fern, its dense growth, much more compact, and its irregular shaped fronds, which give it the name of "Fluffy Ruffles Fern." The fronds are very heavily imbricated, the pinnae overlapping, and so formed as to resemble miniature Ferns, giving it the appearance of a Fern within a Fern. The plant is very sturdy in its habit. Fine young plants, 75 cents. No large size to offer.

Fern Norwood

A new type of the Ostrich Plume family. The frond is very compact and the pinnae are finely serrated, giving it the appearance of a strong feather plume. Fine young plants, 50 cents each. No large size to offer.

Special Offer
The Fifteen Beautiful Ferns as named, costing $5.25, for only $4.25. The Thirteen Ferns in strong plants, costing $10.10, for only $9.00.

Dwarf Ferns for Fern Dishes

We have selected a few of the hardiest and most satisfactory varieties for filling Fern dishes. For the best effect and most artistic planting would suggest only one variety to the dish. There's no prettier table decoration for winter. Price, 10 cents each; or we will send five distinct Dwarf Ferns for 40 cents.

ASPIDIUM TSUSSIMENSE—The most valuable for Fern dishes; of strong but dwarf and graceful habit, of good color and of the best keeping qualities. A clean, good grower and very ornamental.

CYRTOMIUM FALCATUM, or HOLLY FERN—A beautiful and rapidly growing Fern that succeeds exceedingly well, small plants making fine specimens in a short time. Fronds resemble branches of holly, from which it takes its name.

PTERIS MAYII—A variegated variety. Low-growing and suitable for edging Fern pans or dishes.

PTERIS WIMSETTI—A beautiful low-growing Fern, suitable for table dishes.

PTERIS WILSONII—The most beautiful and useful of all the crested sorts for pans or dishes.
**DOUBLE GERANIUMS**

The Best There Are

**Price**
20 cents each; 3 for 50 cents; 12 for $1.80.

**ALPHONSE RICARD**—A most beautiful shade of bright vermilion; large flowers and enormous trusses; a grand variety. 

**AMERICAN BEAUTY**—(New.) Same color as the famous American Beauty Rose. A very fine bloomer.

**AURORA**—A beautiful shade of salmon-pink.

**BEAUTE POITEVINE**—Beautiful shade of shrim-pink, gradually shading to white; a universal favorite.

**COMTESSE DE HARcourt**—Beautiful florets and enormous trusses of pure white. Stands the sun well.

**HELEN MICHELL**—(New.) The clearest possible shade of scarlet borne on gigantic trusses.

**JEAN VIAUD**—This is the best large-flowering double pink Geranium in cultivation. The color is the richest deep pink, shading near the base of the petals to light pink, the base of the upper petals creamy-white.

**LA FAVORITE**—In this Geranium we believe we have the finest double white Geranium in cultivation. The flowers are borne in large trusses of the purest snow-white, retaining this pure whiteness even in the height of summer, and for winter blooming they are all that can be desired. Do not fail to add this charming variety to your collection.

**MADAME BARNEY**—A profuse bloomer; florets enormous; color a deep pure pink. A perfect bedder.

**MADAME LANDRY**—A distinct salmon-pink with a slight scarlet shading. Enormous trusses, florets borne on long stems.

**MARQUIS DE CASTELLANE**—This is a deep salmon in color; has a splendid habit, and the color is decidedly unique and bright for a Geranium. An exceptionally striking variety.

**MARQUIS DE MONTMART**—This is known as the Blue Geranium; it is more strictly a rich purple; a striking color.

**MRS. FRANCES PERKINS**—Constant bloomer of a charming deep rose-pink color, with a distinct white throat; stands the climate well.

**CULTURAL DIRECTIONS FOR PELARGONIUMS**

No class of plants are more showy during their blooming season than the pelargoniums, and the gorgeous beauty of the clusters of their varicolored bloom will repay extra care expended in their culture.

The greatest success will be attained by securing and starting your plants in the fall and winter, potting in soil well enriched with well-rotted manure, repotting in larger pots as often as the growth of the plant demands it. This will give you a fine large plant covered with bloom by the Easter period.

During the hot summer months, plunge the pot level with the earth in a partially shaded place and water rather sparingly as this is their season of rest.

About September first carefully remove most of the old soil from around the plant, repotting in fresh soil, and start into active growth. Plants thus cared for will often carry as many as 50 to 100 clusters of bloom at the beginning of their second blooming season.

Dipping or spraying with a strong tobacco tea will rid them of any insect pests that might trouble them.

**PELARGONIUMS, or LADY WASHINGTON GERANIUMS**

The grandest of all flowering plants; do not resemble the common Geraniums in any particular, neither in foliage nor flower; more beautiful in every way. We here offer six distinct sorts, every one entirely different in color and every one a beauty. The Lady Washington Geraniums are the handsomest of all flowers—once seen, never forgotten.

**THE EASTER GREETING, or EVER-BLOOMING**

**EASTER GREETING**—Planted out as a bedding plant it will bloom continually until late in the fall. It will prove the foremost novelty of the season, as it rivals the Orchids in beauty. This new species is the earliest of all Geraniums, with enormous florets and clusters, having light green foliage and dwarf, robust growth. It blooms from March until Fall. Florets fiery amarant red, with five large regular shaped spots. The first and only kind to bloom as well bedded out as in pots, and to do so all summer.

**GARDNER’S JOY**—The ground color is apple-blossom pink, the two upper petals have blotches of carbon-brown, the florets are three and one-half inches in diameter and are joined to enormous clusters which rise above the beautiful foliage and remind one of a Rhododendron cluster. It is of a dwarf nature and very sturdy. On account of its rapid, luxuriant growth it is a very profitable market variety.

**GLORY**—This splendid novelty is quite remontant, florets and clusters very large; ground color, Cattleya-blue, very much like the Cattleya Orchid. The upper petals contain two large purple magenta-red spots, distinctly veined. An exceedingly beautiful and entirely new color in Pelargoniums. This kind has a very robust growth.

**LUCY BECKER**—This grand novelty is a sport of Easter Greeting and is like it in everything but color when it is a rosy-pink. It is if anything even more fine in bloom.

**PRINCE**—Immensely large flowers, strongly crimped of fine shade, with from six to ten petals; color rich purple with velvety black blotches. Remarkably robust habit. The large clusters rise gracefully above the beautiful foliage. The blooming plant with its enormous flowers makes a striking impression.
FRENCH HYDRANGEAS

Let us tell our friends that these French Hydrangeas are the most meritorious plants brought out in years. They have enormous trusses of bloom that completely hide the plant. They are half hardy and may be planted in the latitude of Philadelphia and in the Gulf and Pacific states. They are also fine as house plants, blooming in the spring time about Easter. When kept at a temperature of 70 degrees out of doors they bloom about June.

Especially Fine for Southern Planting

**AVALANCHE**—A splendid large white, which has made a reputation for itself during the past two seasons. An easy variety to force. Young plants, 30 cents each; 3 for 80 cents; 12 for $2.80; strong plants, 50 cents each; $5.00 doz.

**BABY BIMBOVET**—Very dwarf, free and early; large compact trusses of silvery-blue flowers; very attractive. Young plants, 40 cents each, 3 for $1.00; 12 for $3.65; strong plants, 50 cents each, $5.00 doz.

**BOUQUET ROSE**—Large trusses of well-formed flowers, rosy-amber turning to bright pink; has proven a special favorite in the New York market. Young plants, 30 cents each, 3 for 80 cents; 12 for $2.80; strong plants, 50 cents each, $5.00 doz.

**E. G. HILL**—This is the newest one and the very best, and is by far the best pink that we have yet tried; trusses of immense size. Color a most pleasing shade of baby-pink that does not fade. Growth vigorous, foliage large and attractive. It is one of the easiest to force into bloom during the spring, coming into flower early. Young plants, 30 cents each, 3 for 80 cents; 12 for $2.80; strong plants, 50 cents each, $5.00 doz.

**ETINCELANTI**—A clear carmine. A clean vigorous grower of unusual merit. Young plants, 40 cents each, 3 for $1.00 12 for $3.65; strong plants, 65 cents each, $6.50 doz.

**GENERAL DE VIBRAY**—A favorite wherever seen. Large heads of bright rose-colored flowers. A splendid early forcing variety. Young plants, 30 cents each; 3 for 80 cents, 12 for $2.80; strong plants, 50 cents each, $5.00 doz.

**LILIE MOUILLERE**—Similar to, but distinct from Eclaireur; a bright carmine-rose. Young plants, 30 cents each; 3 for 80 cents, 12 for $2.80; strong plants, 50 cents each, $5.00 doz.

**MME. AUGUSTE NONIN**—An unusually attractive pretty pale pink in heads of large size. Young plants, 30 cents each, 3 for 80 cents, 12 for $2.80; strong plants, 50 cents each, $5.00 doz.

**MME. E. MOUILLERE**—This has been the favorite white variety in the New York market this year; free flowering of good size and form. Awarded silver medal at the National Flower Show at Boston last year. A great favorite with English growers, one London grower known to us handling thirty thousand of this variety alone. Young plants, 30 cents each, 3 for 80 cents; 12 for $2.80; strong plants, 50 cents each, $5.00 doz.

**MOUSSELINE** (The Famous Blue Hydrangea)—With us a beautiful plumago-blue. The introducer describes it as a beautiful mauve-rose with cream-colored center; flower heads are large and held erect; a decided acquisition. Young plants, 30 cents each, 3 for 80 cents, 12 for $2.80; strong plants, 50 cents each, $5.00 doz.

**PRES. FALLIERES**—Very delicate rose. Young plants, 30 cents each, 3 for 80 cents, 12 for $2.80; strong plants, 50 cents each, $5.00 doz.

**RADIANT**—Very deep carmine; one of the finest of Hydrangeas. Young plants, 30 cents each, 3 for 80 cents, 12 for $2.80; strong plants, 50 cents each, $5.00 doz.

**SATINET**—This variety is so radiant that it resembles a dainty piece of satin; probably the best of all the French Hydrangeas. Color a beautiful rose. Young plants, 40 cents each, 3 for $1.00, 12 for $3.65; strong plants, 65 cents each, $5.50 doz.

**SOUVENIR DE MADAME E. CHAUTARD**—One of the best of splendid erect habit; very robust. Fine sized heads of bright rose-colored flowers. One of the best of the bouquet type. Young plants, 30 cents each, 3 for 80 cents, 12 for $2.80; strong plants, 50 cents each, $5.00 doz.

**TROPHÉE**—The reddest red. A vigorous grower, free bloomer of a deeper shade than Lilie Mouillere. Has been accorded the most unreserved praise of any variety grown by us. A real red and an excellent actor. Young plants, 40 cents each, 3 for $1.00, 12 for $3.65; strong plants, 65 cents each, $6.50 doz.

Older Variety of Hydrangea

**HYDRANGEA OTAKSA**—In spite of the greatly increasing demand for the French varieties, there also has been a proportionate increased demand for this old favorite, and we have a splendid stock of very superior plants. Two and one-half inch pots. 30 cents each; 3 for 80 cents; 12 for $2.80.
LIBERTY IRIS ‘The Fleur de Lis of France’

Long ago, so the story goes, a field of purple flowers swayed in the warm breezes that swept across the little “Flowery Kingdom” in Japan. Close by the river’s edge the blossoms danced as they saw their pretty reflections in the water and they were as gay as the little maids who frolicked along the paths. The blossoms were to be gathered for their lord’s house, a banquet was to be given and beauty must be everywhere.

Suddenly a cold wind swept across the field, the warm sunbeams fled and the wee maids, looking affrighted about them, saw a huge, black cloud spreading across the sky. And then came the rain, sneaks of it beating the flowers to the ground as the maids rushed to the shelter of a tea house.

When the sun came once more, chasing away the rain, what a sight met the eyes of the frightened girls as they peered timidly out! The field of flowers was flattened out before them, the poor, purple blossoms dragged and torn.

But, as they gazed, a rainbow arched the sky, its end seeming to rest in the iris-field. Here and there, the bright arch touched the flowers and, as the girls watched in wonder, the field of flowers once more waved in the breeze, but the flowers were no longer only purple. Creamy-white were they and palest lavender, golden-yellow, blue, maroon, wherever the rainbow had touched, there was a flower, the color of the rainbow! And so, to this day, this flower is known as “The Goddess of the Rainbow.”

Today no longer are iris to be found only in Japan. The simplest, smallest garden in America may possess them. They grow so freely, they respond to care so readily, that, whether you own a vast estate or a suburban plot, you too, may find the end of the rainbow in your iris bed.

No other flower has so many combinations of color, especially of the delicate and unusual shades, and the name, the rainbow flower, is most fitting. They are absolutely hardy, as beautiful in form, texture and coloring as any Orchid, and many are delightfully fragrant. They are not particular as to soil will grow anywhere will, but do better in well drained locations. There is nothing prettier than this Liberty Iris, blooming from May 10th to June 10th. The colors are gorgeous and they completely hide the plant. Be sure and plant some Liberty Iris.

OUR GENERAL CATALOG

For the Fall of 1924 will be ready in September. All purchasers from this catalogue, and all who have been customers within the past, will receive a copy FREE at the time it is issued without applying for it; others wishing it will please write for same. Should any of our patrons have friends requiring Bulbs, etc., we would be pleased to forward a copy of this Catalog on receipt of name and address. Customers changing their residence will kindly furnish us with their new address (also state their old address), so we can correct our lists and mail our Catalogue properly.
**“Aristocrat of Flowers”**

**SPLENDID PEOdIES**

_Hardy Everywhere_

The wonderful improvements made during recent years in these old-fashioned hardy plants have brought them into renewed popularity. The gorgeous flowers, which rival the most expensive in size, form and color, are produced in great abundance. After once being planted they require little care and attention; thrive anywhere, and are absolutely hardy even in the coldest climates; each-year after planting they grow into greater value, producing more and more flowers. They are not troubled with insect pests. Try some of our fine Paeonies, and see what grand flowers they are. Get it out of your head that there are only Red, White, and Pink varieties to illustrate at flowering time. People who visit our field will say, "I have Pink and White Paeonies. I desire only red ones," but when they see the Pink and White, they invariably exclaim, "How grand! I have none like them." There is as much difference in Paeonies as there is in Roses.

We have found that divisions do not give the customer satisfaction; they have to wait too long for the plant to become established.

For this reason we are not offering any Paeony this year under a one-year-size.

The one-year plant is a plant divided and reset a year before. We do not advise our customers to divide any of these one-year roots if they want bloom the first year. We find that Paeonies should not be divided more than once in three years.

---

**Special List of Paeonies**

To those who do not care for the nomenclature of the Paeony, we have made up this list, and here offer them as an aid to making selections. Patrons will find these varieties embrace a wide range of color and form, and are exceptionally meritorious.

This is our special storage lot dug this fall for Spring planting. You can plant Paeonies up until March 1, after that time we would suggest you wait until next fall. If in need of other varieties write for our book "Paeonies for Pleasure."

All orders for other varieties would be filed until next September as we never dig Paeonies after December 1st.

For a few customers who could not plant their Paeonies during the fall season, we are carrying the following varieties in storage and will fill orders for Spring as long as this supply lasts. You can plant these up until March 1st, but not after that time.

All orders received after March 1st for Paeonies will be filled for Sept. 1924 delivery.

12—ALBERT CROUSSE—(Crousse, 1883.) Bomb type; late. Immense, very full convex bloom, as perfect in outline and contour as a Show or Fancy Dahlia flower, so perfect in shape it is that from stem to stem it forms a perfect ball. The petals are imbricated like a convolution and overlap each other. The color is as wonderful as its form and is best described as an even delicate sea-shell-pink without fleck or marking of any sort, really; it is rather a tint than a color or shade; in this regard it is indeed remarkable and unapproachable by any other variety. Scores easily the six points of excellence. Our stock of this variety, some six thousand plants (we have good reason to believe), exceed in number that held commercially by all other growers in the world. $1.50 each.

35—AMERICAN BEAUTY—(Crousse, 1886.) Crown type; midseason. A glowing red, known in the Chicago cut flower market as the "American Beauty" Paeony. Superb. $1.50 each.

228—AUGUSTIN D'HOUR—(Calot, 1867.) (Syn. Marchal, MacMahon.) Bomb type; midseason. Extremely large, showy, perfectly built bloom; primary petals narrow and built up close and high. Color very deep, rich, brilliant golden-red with slight silvery reflex; the largest of all red Paeonies. Indispensible. This is as high class a Paeony in its way as Felix Crousse, although they are entirely distinct and in no way conflict. It is a taller grower and larger flower than Felix Crousse. 75 cents each.

28—COURONNE d'OR—(Calot, 1873.) Semi-rose type; late midseason. This is the famous Crown of Gold. Immense, very full, imbricated ball-shaped bloom. Solid and compactly built from edge to center. Color snow-white reflecting golden-yellow stamens that show through the petals when looking at the flower from the side. These stamens light up the whole flower with a glow that is simply indescribable and which suggests the name "Crown of Gold." Delicate carmine penciling on edges of a few central petals. Incomparably lovely and one of the very choicest and best Paeonies in cultivation. An enthusiast on seeing this variety blooming in our fields exclaimed, "Why, Crown of Gold is Festiva Maxima dressed up in her wedding finery." It is in our opinion the attainment of perfection in the Paeony. One grower says: "I believe I could detect Crousse d'Or by its white water lily fragrance anywhere." 75 cents each.

93—EUGENIE VERDIER—(Calot, 1864.) Semi-rose type; early. Do not confound the name of this variety and Eugene Verdier. Miss Jessie M. Good, who has devoted considerable time during the past ten years to the study of the Paeony while they are blooming, says: "Of all your six hundred varieties I place Eugene Verdier first and foremost. It has so many good qualities I hardly know where to begin to enumerate them. It is a strong, healthy grower, with bloom on three to four foot stems. The flower is enormously large for a Paeony. Then its yellow petals with a distinctive charm never seen in the varieties crowded with petals. Its form is ideal, being flat, showing its great wealth of tints and blending of coloring to fine advantage. What about its color? Simply indescribable. It opens a fresh delicate Hydrangea-pink with primary petals lighter, center flushed crimson. The flower hangs in perfection for two weeks and often finishes with two-thirds of the flower paper-white, the other third in the center a decided Hydrangea-pink. Words absolutely fail to convey an impression of its exceeding great beauty. Fragrant. Easily scores six points of excellence. $1.50 each.

**PEONIES FOR PLEASURE**—Concluded

79—**EDULIS SUPERBA**—(Lemon, 1824.) Crown type; very early. This might well be called the Decoration Day Peony, for it has never failed to be in full bloom for May 30th. Our field is not a sight to be forgotten when seen on that date. A most beautiful bright clear mauve-pink with silvery reflex that under good culture from surface to surface is never inclined to be flushed. One of the most valuable Peonies. June rose fragrance. 50 cents each.

30—**FESTIVA MAXIMA**—(Muller, 1851.) Rose type; early. This is not only the finest white in existence, but many regard it as the queen of all the Peonies. Mr. Harrison says: "This flower has reached the ultimate beyond which we cannot go; it is the most perfect white as the soul of the Madonna, with now and then a blood drop, as though the iron had sometimes entered her heart. The white is combined with an enormous size wondrous beauty; often seven to eight inches in diameter. Clear carmine spots on the edge of certain petals, produced over the whole flower and is still the standard of perfection by which all other Peonies are judged. The most popular white Peony for over half a century. 50 cents each.

38—**FRAGRANS**—(Sir Joseph Banks, 1805.) Bomb type; very late. Compact, full flowers; color soferino-red with slight silvery reflex; strong, vigorous grower, making shyaly places; freely blooms in latitude and favorably and extensively grown for cut flowers. 75 cents each.

67—**GOLDEN HARVEST**—(Rosenfeld, 1900.) Bomb type; midseason. This Doctor has been marauding for a number of years under the name of Lady Leonora Bramwell. As Guerin says: "it is a very early type." This variety is already known under this name; we will retain same. It is a charming, large, full and exceedingly fragrant flower of perfect symmetrical form. The color is a delicate silvery-rose with a mauve tipped petal that is white with an occasional crimson fleck. In many localities grown for cut flowers. Has the true June rose fragrance. It is a fact that Lady Leonora Bramwell will remain in better shape longer when cut and placed in cold storage than any other Peony. It will keep in this manner for two months.

103—**LA TULIPE**—(Calot, 1872.) Semi-rose type; midseason. Enormous, globular, fragrant flowers, delicate blush-white, shading to ivory-white, with red tulip markings on out-side of guard petals. Mr. Harrison: "is no Peony so attractive in bud as this. First a ball interlaced with green, red and white. As it grows these interlacements decrease and there is no Peony whose unfoldings you watch with greater interest. It finally opens a solid ball of softest blush with streaks of crimson. There it is, a glorious Peony in a chalice of veined marbel, emitting a delightful perfume. Our rows of this gave the appearance of a huge bank of snow in the presence of the colors.

275—**L’INDISPENSABLE**—(Origin unknown.) Rose type; late midseason. This variety is of unknown French origin and sent out from Holland and is greatly confused with Eugene Vereeke. Mr. Harrisons' list of the Dutch Peonies, however, includes a Peony of this variety. It is huge ball of delicate baby-pink. Has by far the most petals of any Peony in our collection. On the Pacific Coast it has been called the best Peony of the West coast. With us it at times seems to waterlog, and a few outside petals burn. $1.50 each.

135—**LINNE**—(Verdier, 1890.) Rose type; midseason. Large, globular, large, pure white, very delicate, slightly flecked with crimson; quite floriferous. A very beautiful. 75 cents each.

158—**LIVINGSTONE**—(Crousse, 1879.) Rose type; late. Very free and abundant flowers and flowers are large and beautiful. Color pale lilac-pink with sheen of silver; very free aureole bloom in clusters; upright, erect grower; fine cut flower. 50 cents each.

19—**MADAME CALOT**—(Mihlitz, 1856.) Rose type; early. Large, convex bloom. Hydrangea-pink, center shaded slightly darker with a somewhat sulphur-tint in the collar. This Peony has three distinctive qualities over all other varieties. First, it blooms any and every year, never failing; second, it produces more flowers than any Peony ever introduced; third, it is the most fragrant of all Peonies, the perfume being delicious. In the above three points Madame Calot stands pre-eminent. Then again it is the earliest light colored Peony, blooming with us at Decoration Day right along with Edulis Superba. Probably the most useful all-round Peony we grow. Simply a wonder.$1.00 each.

7—**MADAME EMILIE GALLE**—(Crousse, 1881.) Rose type; late midseason. Large, double, cup-shaped, 'imbricated flowers in clusters. Beautiful light salmonate color with purple opal background. A beautiful cut flower. 25 cents each.

276—**MARGUERITE GERARD**—(Crousse, 1892.) Semi-rose type; early. Silvery white center incises, reflex; very nice cut flower. 50 cents each.

5—**MEISSONIER**—(Crousse, 1886.) (Syn. American Beauty.) Bombs and semi-roses. A heavy blooming late-flowering type; two kinds of flowers—double flowers on stiff, wiry stems; the stems may sometimes have short crooks in them, but they are never weak. The flowers are large, coloring large, and varies from chocolate-yellows to white. Chicago cut flower markets this Peony is known as the American Beauty Peony on account of the resemblance in color. $1.50 each.

48—**MONSIEUR JULES ELIE**—(Crousse, 1888.) Bomb type; midseason. A very free and abundant bloomer, and is without question M. Crousse's masterpiece. Immense globular, very full flowers. Color an ideal glossy lilac-pink, shading to deeper rose. Out of the base, the entire flower overlaid with a skin of silver that fairly shimmers in the sunlight. Monsieur Jules Elie is claimed by many to be the largest of all Peony flowers. On young, vigorous plants this Peony produces flowers an inch in diameter. In fact they are so large and handsome that but few can realize that they are Peony blooms on first seeing them. An unimpeachable beauty. A Peony that yields the luxury and beauty of the English rose, and at the same time the perfections of the American type; a Peony that yields the luxury and beauty of the English rose, and at the same time the perfections of the American type; a Peony that yields the luxury and beauty of the English rose, and at the same time the perfections of the American type;

"Visitors at the Boston show last year will remember that a mammoth or rather mastodont bloom of the same variety decorated the first place there, too, and in this year's show at Boston, both first and second premiums fell to the same sort. $1.50 each.

36—**PRESIDENT TAFT**—(Blaauw, 1909.) Rose type; midseason. Originated on a private estate in France, bought and taken to Holland and given the Dutch name "Frankveyor," which, being interpreted as "L’Avenue," by our French department, was disseminated, and so it was named to President Taft as a compliment to their American customers, and also for the further reason, that Mr. M. Ward Welsh, in charge of our Peony fields, says: "President Taft combines so many of the good qualities necessary to a first class Peony, and combines those qualities in a perfection not found in any other Peony.

I have no hesitancy in saying this variety stands at the head of all Peonies. A vigorous, strong grower, a profuse bloomer, every flower bright and perfect. The flower is large, very large and double. The color is of a rich crimson, and the leaves are small and of a good texture. The flower is very showy, and when the petals open is truly marvelous. The Peonies world will take off its hats to this plant and the Peonies world will take off its hats and cheer for Blauw for the discovery. $2.50 each.

78—**OCEAN SUPERBA**—(Lemon, 1881.) Rose type; very late. Very large, very fragrant. Magnificent, rich, brilliant, deep crimson, without stamen; very large, full and double; highly fragrant, and the best keeper of the whole family. It is almost the most late blooming Peony known. Price to any fine collection. $1.00 each.

40—**QUEEN VICTORIA**—(Blaauw, 1880.) Bomb type; early. Midseason. Very free and abundant bloom every day white. When cut a first rate keeper. Flowerer of good substance and color; very pretty in the bud state, when it has a faint blush of salmon. 50 cents each.

524—**VENUS**—(Kelway, 1888.) Crown type; midseason. A delicate shell-pink; tall, fine bloomer, considered by many to be one of the best. Has the marks of excellence for cut flowers. Has the true June Rose fragrance. $2.00 each.
Hardy Perennial Phlox

This is one of the most easily grown hardy perennials, and the large number of beautiful varieties now offered make it especially desirable. These noble flowers are not only beautiful as individuals, but the cheerful appearance of our gardens during the summer and autumn months is much indebted to them. They succeed in any position or soil, and can be used to advantage either as single specimens in the mixed border or as large clumps or beds on the lawn. To produce the best results, however, they should have a rich, deep and rather moist soil, and let each clump have a space of from two to three feet in which to develop. They will continue to thrive for several years with little attention, as is attested by the fine clumps and about old homesteads. The ease with which they are cultivated; their entire hardiness and the extended time of blooming, combined with the varied and beautiful coloring, make them especially valuable for garden planting. The Perennial Phlox usually commence to bloom in early summer, and are brilliant with color until after several frosts have come. They are admirably adapted for cemetery planting, also for a low hedge or screen to hide old fences and unsightly objects.

ATHIS — Salmon-pink. 20 cents each; 3 for 50 cents; 12 for $1.80.

LOTHAIR — Clear, even carmine, deep crimson eye. 20 cents each; 3 for 50 cents; 12 for $1.80.

Tender Plants

Plants in this List will not Stand the Frost

Abelia Grandiflora
Fine for Hedges or Around Foundations and Porches.
This is one of the prettiest of all shrubs. It has small shiny leaves like they were glazed. Bears its bell-shaped pure white flowers in the greatest profusion all summer long, deliciously fragrant. This shrub is perfectly hardy south of Kentucky, but should be planted in a protected location in the northern states. Much sought after where it is known. We would advise our customers in the South to plant this shrub for hedges. 20 cents each; 3 for 50 cents; 12 for $1.80; $16.00 per hundred.

Acalypha Sanderi
The Comet plant. 20 cents each; 3 for 50 cents; 12 for $1.80.

Flowering Begonias

These Begonias are fine for house culture, as all will flower during the dark days of winter. **Price, except where noted, 25 cents each; 3 for 65 cents; 12 for $1.00.**

ALBA PICTA—Long, pointed, slender leaves, thickly spotted silvery-white; foliage small, elegant; lovely pink flowers.

ARGENTEA GUTTATA—Lovely green foliage, with spots of silvery-white.

BABY RUBRA (Picta Rosa)—A wonderful free-growing Begonia of sterling worth and great beauty. The plant is very compact in growth, forming a dense, well-proportioned bush with rich green foliage, spotted with silver. The flowers, a rosy-dash color, shaded with a silvery-pink and enlivened with dense clusters of yellow anthers. One of the most wonderful flowering Begonias within our knowledge. It blooms continually.

CHATELAINE SUPREME (New Everblooming Flowering Begonia)—Freest blooming variety known; of easy culture, low bushy habit, and literally covered the entire year with a wealth of beautiful Christmas red flowers with yellow stamens. It well merits the name of Ever-Blooming Begonia. **30 cents each; 3 for 80 cents; 12 for $1.80.**

CORALLINE LUCERNE, the Wonderful New Flowering Begonia—This new Begonia has simply taken everybody who has seen it by storm. There was not a single lady or florist who visited our greenhouses the past spring that did not purchase this Begonia after they had seen it in flower. It certainly is a wonder. The blooms last from a month to six weeks, and are borne in immense clusters, almost hiding the plant. The color is bright coral-red, changing to a delicate pink. It is past the power of speech to describe it. A wonder. **Fine plants, 40 cents each; 3 for $1.00; 12 for $3.65.**

MRS. PATTN (New Everblooming Flowering Begonia)—This new Begonia is undoubtedly the freest blooming variety known. It is of easy culture, low, bushy habit and literally covered the entire year with a wealth of dark pink flowers with yellow stamens. It well merits the name of Everblooming Begonia. This variety is especially suited for florists, being of the Chatelaine type of Begonia and one that can be handled without risk. **25 cents each; 3 for 60 cents; 12 for $2.00.**

PRESIDENT CARNOT—Upper side of foliage deep green, under side bluish-red; flowers beautiful coral-red.

SANDERSONII (The Coral Begonia)—One of the best flowering Begonias. Flowers of a scarlet shade of crimson, borne in profusion for months at a time. Resembles coral.

THURSTONII—Metallic-green leaves, shell-pink flowers.

Large Leaved Begonias

Rex or Painted Leaf.

Rex Begonias are grown exclusively for the great beauty of their foliage, which is large and beautifully variegated a peculiar silvery-metallic gloss. They make excellent pot plants, and are also effective for bedding in shady corners. We make a specialty of this marvelous family of plants. They require light soil compound of rich loam, loose woods earth and sharp sand. They like a moist, warm atmosphere, and should be kept shaded during the summer. Do not overwater the plants. **Assorted kinds, including dark bronze, silvery-white, metallic greens, etc., 50 cents each; 3 for $1.50; 12 for $5.00.**

Star Begonia

(Ricinifolia.) So called from its likeness to the Ricinus, or castor oil plant. The leaf is very large, and is separated into seven or nine large points, carried on thick, heavy stems; color a rich green, with reddish markings; surface velvety. In bloom, it is magnificent; the panicle is composed of great numbers of individual pink blooms. **30 cents each; 3 for 80 cents; 12 for $2.80.**

Browallia Gigantea

Flowers intense indigo-blue. **15 cents each; 3 for 40 cents; 12 for $1.40.**

Brugmansia or Angel’s Trumpet

Here is a plant for the masses. It grows easily, blooms freely, and the flower is something to be proud of. The Brugmansia blooms indoors in winter and in the garden in summer. The plant has large, tropical leaves, with blooms eight inches long by six inches wide at the mouth, resembling a trumpet, hence the name "Angel's Trumpet." Pure white in color and as fragrant as a Jasmine. **Fine plants, 30 cents; 3 for 80 cents; 12 for $2.80.**

New Giant Coleus, Christmas Gem

(Brilliance, or Dr. Ross)

Leaves immense, eight to twelve inches long, looks like a Rex Begonia, and is just as beautiful. Cannot be excelled as a pot plant. The name aptly describes the appearance of this variety, which belongs to the giant-leaved section; of strong, vigorous habit, growing from two to three feet high, with leaves often nine to ten inches long, which are of bright carmine, shading off to a deep maroon, the margin being yellow and green, the whole leaf having a rich, velvety luster. **30 cents each; 3 for 80 cents; 12 for $2.80.**

Trailing Queen and Trailing Beauty

The Wonderful New Coleus.

These Coleus are an entirely new break, as no one ever before heard of a Coleus that trailed. They both have glorious foliage—The Queen having a large distinct center of bright pink or red, with a broad border of emerald-green. In The Beauty, the foliage is a rich golden-yellow, often changing to pure white. No plants are more suitable or showy for hanging baskets, window boxes, vases or for culture under glass. These branded Coleus are sold sev- eral plants in a basket or pot and see how lovely a plant may be! Come. **20 cents each; 3 for 50 cents; 12 for $1.80.**

(The Umbrella Plant)—A handsome pot plant, useful in vases, etc. 20 cents each; 3 for 50 cents; 12 for $1.80.

Euonymus

EUONYMUS JAPONICA—Japan Euonymus is of dense upright habit with very rich glossy leaves holding their brilliancy throughout the season—the mature plants having numerous clusters of tiny white-green flowers during May and followed in the fall with crimson berries, which are very effective against the dark leaves. It can be trained into formal shapes as specimen plants, or used as foundation or hedge planting—it is extremely effective. Price, 25 cents each; 3 for 65 cents; 12 for $2.00.

Fuchsias, or Ladies Eardrops

Price, 20 cents each; 3 for 50 cents; 12 for $1.80.

BLACK PRINCE—This is, without question, the very finest Fuchsia grown for the amateur to cultivate. It makes a shapely bush, is robust in growth, free from disease and insects, and is probably the finest in blooming. We have seen specimen plants six feet in height and four feet across loaded with thousands of bright buds and blossoms of a beautiful waxy carmine or pink color. Certainly a plant of cary culture.

ERNEST RENAN—White sepalis, reddish-blue corolla.

LITTLE BEAUTY—Red sepals, sky-blue corolla, so fine as to almost hide the plant.

LORD BYRON—Red sepals, corolla of the richest royal purple, so fine in flower as to almost hide the plant.

MADAME VAN DER STRASS—This is the best of the double white corollaied Fuchsias.

SPECIOSA—Habit erect and compact, presenting a decidedly neat and attractive appearance as a pot plant, the fine star-shaped flowers produced in profusion, and begin when plants are quite young. The flowers are three inches or more in length; tube and sepals bright rose, corolla brilliant carmine; it blooms quite freely.

TENOR—Red sepals, double purple corolla.

CARMINATUS PERFECTUS—Full, round flowers of perfect shape and of a rich, soft, carmine-rose, with a deep crimson eye; and flowers inches in diameter.

DOUBLE CRIMSON—This grand variety has immense flowers of the richest crimson; combined with glossy foliage, renders it best of all.

GRANDIFLORUS—Rich, glossy, cut-leaved foliage, literally covering the plant with scarlet-crimson flowers.

SINENSIS GIGANTEA—This is a plant for house cultivation during winter or summer, or for planting outside during summer. It blooms at all times of the year. The plants branch freely and flower profusely, commencing to bloom when not more than a foot high. As a specimen plant for large pots it has an equal only in the Brugmansia. Its flowers are of enormous size, often eight to ten inches across, opening flat, and of such vivid crimson-scarlet color that they can be seen from a long distance like a flaming torch. They can be wintered in the cellar or pit with perfect safety, and if one does not care to grow them all winter, one should have one or two for summer display.

SUBVIOLOSAE—Flowers of enormous size, beautiful carmine, tinted with violet. Probably the largest flower of the Hibiscus family, and an unusually free bloomer. We take pleasure in recommending this fine plant.

VERISCOLOR—A variety combining in its flowers all the colors of the whole family, being handsomely striped crimson, buff, rose and white. Flowers eight inches in diameter

New Pink Hibiscus, Peachblow

(A sport from the Double Red Hibiscus Rose Sinesis.) The flowers are double and from 4 to 5 inches in diameter, of a charming, rich, clear pink, with small deep crimson centers. It is one of the finest-flowering plant novelties recently offered. The color is an entirely new and beautiful shade, and it blooms abundantly and continuously during the summer and fall months. Large plants two and three years old make a magnificent show. It will give general satisfaction to those who grow it either in pots or planted out in the garden. It blooms well in the winter in the greenhouse or in any sunny window. Price, 35 cents each; 3 for 95 cents; 12 for $3.50; strong, fine plants, 60 cents each.

20 cents each; 3 for 50 cents; 12 for $1.80; $12.00 per hundred by Express, at Your Expense.

PRINCESS OF WALES—This is the best of the Single Violets. True violet-blue, fine for cutting.

LADY HUME CAMPELL—One of the best of the double purple violets; better than Marie Louise.

SWANLEY WHITE—Double white flowers in great profusion.

TENDER VINES AND CLIMBERS
These make a rapid growth and bloom throughout the summer; are very showy

The Wonderful Giant Moonflower, IPOMEA MAXIMA—A Giant in Growth and Flower and Wonderfully Fragrant.
This grand new Moonflower is a decided improvement over the old well-known variety Ipomea Grandiflora. The flowers are more than twice the size of the old variety, oftentimes measuring from six to seven and one-half inches across, and are produced in such wonderful profusion that they completely cover the vine with a wall of glistening white. Fine plants, 20 cents each; 3 for 50 cents; 12 for $1.80.

New Moonflower, HEAVENLY BLUE—This makes a splendid companion plant to the White Moonflower. It is equally rapid in growth, and a much richer blooming variety than the white one. The blooms come in clusters of five to twelve, and at times almost hide the vines. The flowers are the most heavenly blue, with reddish-purple rays, and six inches across. Nothing is more beautiful. 20 cents each; 3 for 50 cents; 12 for $1.80.

ANTIGNON LEPTopus, or the "Queen's Wreath"—Produces rose-colored flowers in racemes two feet long; beautiful. 20 cents each; 3 for 50 cents; 12 for $1.80.

BOUGAINVILLEA SANDERIANA—The Chinese Paper Plant. Lovely clear lavender flowers. 35 cents each; 3 for 95 cents; 12 for $3.60.

PARLOR IVY—A rapidly growing plant, well adapted for training in the house. Leaves different shades of yellow, white, in clusters. 10 cents each; 3 for 25 cents; 12 for $0.80.

MADEIRA VINE—White flowers, exquisitely fragrant. 10 cents each; 3 for 25 cents; 12 for $0.80.

SIMILAX—A lovely house vine. 10 cents each; 3 for 25 cents; 12 for $0.80.

TRADESCANTIA, or WANDERING JEW—Fine for baskets. 15 cents each; 3 for 40 cents; 12 for $1.40.

VINCA MAJOR VARIEGATA—Fine for baskets and vases; green and white foliage. 20 cents each; 3 for 50 cents; 12 for $1.80; large, strong plants, 50 cents each.
TENDER BULBS

Amaryllis

**Amaryllis Equestre** (The Eagle Lily)—Color deep brick-red; extra fine 25 cents each; 3 for 65 cents; 12 for $2.00.

**Amaryllis Hybrids**

We are lucky to get a lot of English Hybrid Amaryllis. We guarantee these to be the very best of all Amaryllis, in fact you have never seen anything to match them. Colors run largely to shades of red. Any color you get will be glorious. While they last, fine large bulbs at 50 cents each; 3 for $1.30; 12 for $5.00.

The Handsome and Wonderful

**Hardy Bedding Begonia**

**EVANSIANA**

This is a tuberous-rooted, herbaceous, hardy perennial Begonia, losing its tops in the fall. When bedded out, the roots remain in the soil and start new growth in the spring, just as do the Peony and Perennial Phlox. The plants like a rich, porous soil and partial shade and will bloom throughout the summer. It is really one of the most beautiful of summer bloomers. Beganias bloom for days, develop and bloom freely when bedded out in a partially shaded, moist situation; produces clusters of flowers and buds of a beautiful pink color by the hundred on a single plant during an ordinary growing season. **Price, 15 cents each; 3 for 40 cents; 12 for $1.40.**

**Lancifolium Rubrum**—A beautiful bright rose, spotted with a dark velvety-crimson. 50 cents each; 3 for $1.30; 12 for $5.00.

**Lancifolium Album**—Very fragrant; large flowers; a pure white, with a green band running through the center of each petal; one of the best. 50 cents each; 3 for $1.30; 12 for $5.00.

**Caladium**

(Fancy Leaved). For conservatory or greenhouse; also suitable for outdoors when weather has become warm, in partial shade where protected from strong winds. 40 cents each; 3 for $1.00; 12 for $3.65.

**Cyclamen Pericton**

(Or Persian Violet)—This is a decided improvement over the old variety, being of a more robust habit and stronger grower. Produces flowers on short, stout stems and of immense size, often measuring, on well-grown bulbs, two inches in diameter. The foliage is also a beauty. It is a fading white winter bloomer. 20 cents each; 3 for 50 cents; 12 for $1.80.

**Lily of the Valley**

The modest bell-shaped flowers, of the purest white, are highly prized for cutting purposes, and for flowering in pots in winter. They are exceedingly well adapted. Beautiful and most interesting ornamental designs for the parlor or conservatory may be produced by planting Lily crowns in Crocus pots or in pyramid pots made especially for this purpose, and they will last several weeks in beauty. By taking them in at intervals a succession of different designs may be kept up all winter. They are also forced in immense quantities by florists, but they are the most charming when grown in large patches in partially shaded localities around the lawn, near the borders of streams, lakes, etc., being perfectly hardy. **Price, 6 cents each; 66 cents per dozen; 25 for $1.00.**

**Milk and Wine Lily**

(Crinum Fimbriatum.) "I must tell you that Milk and Wine Lily has done fairly well, but has developed the fine blooms, and there are two unopened buds. We, therefore, gave it a free ride last Wednesday to our chapel service. It was admired by everybody. The flowers were brought in by people from various towns to admire and enjoy it."—Mrs. R. Adams, Mass. A grand sort. The most beautiful of the Crinums. Its bulbs grow large, and its strong-growing foliage is erect and sword-shaped; flowers in umbels, very large and showy, three to four inches in diameter, striped with white and carmine, and very fragrant. **Fine bulbs, 50 cents each; 3 for $1.30; 12 for $5.00.**

**Calla Lilies**

Everybody Needs a Calla for Winter Blooming. Here are the Best.

**The Godfrey Calla Lily, "Devoniensis"**—Undoubtedly the finest thing ever sent out in the Calla line, and quite indispensable. Blooms all winter. Compared with the ordinary **REMEMBER: OUR GLADIOLI ARE THE FINEST IN THE MARKET AND WILL BE SURE TO PLEASE.**

**GOLDEN YELLOW CALLA** (Richardia Elliottiana)—Entirely distinct and unlike all other forms of yellow Calla; it has the same habit of growth as the ordinary white variety, with flowers of same size and shape but of a rich clear lustrous golden yellow color, the foliage is dark green, with a number of translucent creamy white spots which add much to its beauty; it is but a few years ago that this sold at a very high price. We are now able to offer strong, blooming bulbs at 75 cents each; 3 for $2.00; 12 for $7.00.

**Regale Lily**

**Lilium Washingtonianum**

It is a native of the Cascade Mountains in Washington and Oregon and is perfectly hardy. Snow lies over them in the mountains to a depth of from 4 to 8 feet, with the thermometer ranging around zero and below, often 20 and 30 degrees below zero. This lily likes loose, sandy soil with a thick layer of leaf mold (no manure), over them. The top of the bulb is from 6 inches to one foot below the surface of the soil. It is partial to slopes where partially shaded. It must have good under drainage. Does not do well in stiff soils. An orchard or grove would be a good place to grow them; or in any well-drained location with sandy soil if protected in winter with straw or leaves, and with other plants such as shrubbery growing near. They grow from 3 to 5 feet in height.

They bear from two to six and sometimes more blossoms in a cluster. The color is white with dark spots and a pinkish lavender stripe. Are very fragrant and of large size. Few lilies surpass it. 50 cents each; 3 for $1.30; 12 for $5.00.

**Spider Lily**

This is one of the prettiest and damniest of all Lilies. It is pure white with bands of a greenish, color through the flower; this green and the white make a charming combination that everyone adores. The filaments and stamens of this choice Lily resemble a huge spider but repulsive, but the most beautiful and delicate of all lilies. Each, 40 cents; three for $1.00; 12 for $3.65.

DON'T FORGET! WHEN IN NEED OF PEONIES, CONSULT OUR "PEONIES FOR PLEASURE," SENT FOR THE ASKING.
HARDY VINES AND CLIMBERS

Ampelopsis Veitchii
(The Boston Ivy.)
Cling firmly to any wall, building or tree. Green leaves in summer, changing to red in the fall. 25 cents each; 3 for 65 cents; 12 for $2.00; two-year plants, 50 c.

Chinese Wisteria
Desirable for porches, trellises, etc., and when in full bloom is truly magnificent. It flowers in early spring, in long, drooping racemes, resembling in size and shape a bunch of grapes. 25 cents; 3 for 65 cents; 12 for $2.00. Large plants, 50c.

Chinese Cinnamon Vines
(Dioscorea Batatas)—These interesting vines were first brought to the United States about the year 1870. They came from China, that far-away land of wonder and mystery, but where the Chinese first found them is not known. The name, "cinnamon," was given to them on account of the odor of the bloom, which is similar to that of cinnamon. The fragrance is remarkable and too delightful to describe. Bears white flowers with fine cinnamon fragrance. 10 cents each; 3 for 25 cents; 12 for 80 cents.

Clematis Paniculata
Covered in August and September with a sheet of clustered snow-white bloom of the most delicious fragrance. An arbor or portico over which this Clematis is trained is a wall of white for the time being, and it blooms when nearly all other vines have ceased blooming. Perfectly hardy; grows rapidly. Fine roots, 20 cents; 3 for 60 cents; 12 for $1.80; strong two-year field plants, 40 cents.

Hardy English Ivy
Evergreen, with dark, glossy green leaves. 35 cents each; 3 for 95 cents; 12 for $3.50.

Honeysuckles
20 Cents Each; 3 for 65 cents; 12 for $2.00.
AUREA RETICULATA (Golden Leaved)—A variety with beautiful variegated foliage of yellow, white and pink.
CHINESE EVERGREEN—Sweet-scented. Blooms nearly all the season; deliciously fragrant; flowers buff, yellow and white.
HALL’S JAPAN—Sweet-scented. This is the most consistent bloomer of the class, being literally covered all summer with beautiful yellow and white flowers; very fragrant.
SCARLET TRUMPET, or RED CORAL—A rapid grower, bright red with trumpet-shaped flowers. This is the old, well known variety.

CHINESE WISTERIA

The Wonderful Japanese Kudzu Vine
(Jack and the Bean Stalk Vine)
This is the most interesting vine that anyone knows of. By measurement it has been known to grow twenty feet in a week. The foliage is large and tropical. It is entirely hardy. Everyone has trouble in getting nursery-grown plants of this to grow. We have prepared and offer pot grown plants, the kind that have the crown to the plant and ball of earth to the roots, and you try to stop them growing and see if you don’t run into a snag. This is proving a great forage plant in the South. All kinds of stock prefer it to hay or other common feed. Try it. 25 cents each; 3 for 65 cents; 12 for $2.00.

HEDGE PLANTS

WE HERE NAME THE MOST SUITABLE PLANTS FOR HEDGES.

Berberis—Barberry
THUNBERGII (From Japan.)—A pretty species of dwarf habit. Small foliage changing to a beautiful coppery-red in autumn. A slower grower than the Privets, but needs no trimming and is a feast to the eye, when full grown. One-year plants, 35 cents each; 3 for 95 cents; $3.50 per dozen; $25.00 per hundred, by express; at your expense. If wanted by Parcel Post add 1-5 to this price per hundred.

CALIFORNIA PRIVET OVALIFOLIUM—This makes when pruned a very formal hedge, will grow almost anywhere, thriving where other plants refuse to grow. 18 to 24 inches, 15 cents each; 3 for 40 cents; 12 for $1.40; 100 for $10.00 by express at your expense. If wanted by Parcel Post add one-fifth to this price per hundred.

Ibolum Privet
THE NEW HARDY HEDGE PRIVET.
A cross between Iota and Ovalifolium. This new hybrid possesses the attractive characteristics of California Privet, with the hardiness of Iota. It is of vigorous growth, developing no constitutional weakness, or susceptibility to blight or disease. It is upright in its habit, with glossy, round foliage, and fills out even fuller at the bottom than does the California Privet. 12 to 18 inches at 20 cents each; 3 for 50 cents; 12 for $1.80; 100 for $12.00; 18 to 24 inches at 35 cents each; 3 for 95 cents; 12 for $3.50; 100 for $25.00. At your expense. If wanted by Parcel Post, add 1-5 to this price per hundred.

Try our new Dwarf Philadelphia on page 41, our Polyantha Roses on page 9, and Abelia Grandiflora on page 32, if you want something fine for hedge planting. The Abelia is only hardy south of Kentucky, but superb for Southern growing.
**Hardy Perennials for the Border**

**Achillea, the Pearl**—Pure white flowers in immense clusters, suitable for cemetery planting. Height two feet. 15 cents each; 3 for 40 cents; 12 for $1.40.

**Aquilegia Columbine**—Assorted colors. Height two feet. 15 cents each; 3 for 40 cents; 12 for $1.40.

**Campionula, Canterbury Bells**—These imposing hardy plants are produced in a wide variety of shaped flowers. Extremely showy in shrubbery and mixed borders. Height three feet. 20 cents each; 3 for 50 cents; 12 for $1.80.

**Coreopsis lanceolata grandiflora**—Gold-dyed yellow, invaluable for cutting. Height three feet. 15 cents each; 3 for 40 cents; 12 for $1.40.

**Daisies, Burbank's Shasta**—The Shasta Daisy is one of the most marvelous productions in the flower line that has ever been brought to the notice of floriculturists. It is the first of a new type which has been obtained by hybridization and rigid selection through a series of years. Its first qualification is extreme hardiness. Second, it is perennial, blooming better and more abundantly each season. Third, it is not particular as to soil. Fourth, it blooms for several months. Fifth, the flowers are extremely large and graceful, averaging about four inches in diameter, with petals or the purest glistening whiteness, which are borne on single, long, stiff, wiry stems. Sixth, the blooms, when cut, remain perfectly fresh and in good condition for two weeks or more. No other flower can compare with it in usefulness. We have two kinds of Shasta Daisies—King Edward and Alaska. Height two and one-half feet. 20 cents each; 3 for 50 cents; 12 for $1.60 per hundred.

**Delphinium or Larkspur**

Indispensable to the herbaceous garden, their long, showy spikes of flowers persist from June till frost and furnish the most satisfactory blues to any other color. Height two to three feet.

**Delphinium Bellona**—Pure sky-blue; white boss; four cut flowers. 50 cents each; 3 for 80 cents; 12 for $2.80.

**Delphinium Bellumosa**—A dark blue of the type of Belladonna with the color of the Larkspur varietes. Very best cut flowers. Will also bloom within a foot of the ground. 30 cents each; 3 for 80 cents; 12 for $2.80.

**Digitalis** (Foxglove)—Gloxinia-like flowers; fine assorted colors. 15 cents each; 3 for 40 cents; 12 for $1.40.

**Digitalis spectabilis** (Bleeding Heart)

These pretty spring bloomers, with their graceful, drooping sprays of heart-shaped pink flowers, are very ornamental and bloom freely early in the season. The plants, being hardy, increase in size and bloom from year to year. Finely cut ornamental foliage, growing about fifteen inches high, and producing showy pink flowers. 50 cents each; 3 for $1.30; 12 for $5.00.

**Eulalia gracilis univittata** (Hardy Grass)—Makes immense clumps; very graceful. 25 cents each; 3 for 65 cents; 12 for $2.00.

**Eulalia japonica zebrina** (Hardy Grass)—Striped across the leaves. Fine plume. 25 cents each; 3 for 65 cents; 12 for $2.00.

**Funkia “Sub-cordata”** (Grandiflora Olla)—A handsome, showy plant with beautiful large, broad leaves. Flowers large, pure white. Fine pink cut flowers with mauve spikes. Very fragrant. 50 cents each; 3 for $1.30; 12 for $5.00.

**Gaillardia grandiflora** (Blanket Flower)—The center of dark red-bronze, surrounded by rings of bright orange and vermilion. 20 cents each; 3 for 50 cents; 12 for $1.80.

**Gypsophila** (Pancilata)—Delicate, free-flowering little plants, covered with a profusion of star-shaped blossoms. It is perfectly hardy. Price, 35 cents each; 3 for 95 cents; 12 for $3.50.

**Hemerocallis flava** (The Lemon Lily)—This is entirely hardy and bears flowers of a lemon-yellow color. Very desirable. 20 cents each; 3 for 50 cents; 12 for $1.80.

**Giant Hardy Hibiscus**

**“Mallow Marvels”**

They commence flowering early in July and continue until late in September. The flowers on vigorous growing plants, will measure from six to ten inches across.

**Crimson Eye**—Belongs to the family of Mallow. Flowers six inches across. Color pure white with pronounced eye of deep crimson. 25 cents each; 3 for 65 cents; 12 for $2.00.

**Pink Mallow Marvels**—Large pink flowers with dark mau-ron eye. 25 cents each; 3 for 65 cents; 12 for $2.00.

**Red Mallow Marvels**—Flowers six inches across. Color brilliant dark red. 25 cents each; 3 for 65 cents; 12 for $2.00.

Hardy Deciduous Shrubs

The Ever-Blooming Butterfly Bush
Buddleia Variabilis Magnifica (Butterfly Bush).

It was a matter of some thought before this highly desirable plant was finally christened with the common English name by which it goes. Several years ago there were imported from Europe some plant novelties and this one was among them. We observed it carefully for a season and were charmed with its beauty, ease of culture and free flowering habit. The name Butterfly Bush was applied to it because it seems to attract butterflies in large numbers. Particularly we noticed that it is not alone the common little yellow species of butterfly, but also the large and gorgeously colored butterflies that swarmed about it as though vying with it in brilliancy of color. This shrub from a young plant set out either in the spring or fall, will mature to full size the first summer, producing a handsome bush, which the first year often maintains a height of four feet. It produces long, graceful stems, which terminate in tapering panicles of beautiful lilac-colored flowers that are of miniature size and borne by the hundreds on a flower head which is frequently ten inches long. A single plant the first season will throw out as many as fifty flower spikes, which increase greatly in number during succeeding years. The year after planting, it generally commences to flower in June and continues each season until severe frosts nip it. The foliage and blooms are exceedingly fine. The shrub is rather semi-herbaceous, by which we mean in some latitudes it will die down to the ground and while perfectly hardy, we recommend covering the roots with manure, leaves or other suitable materials as winter approaches, as this will produce a heavy growth the following season. This shrub is very desirable as an individual specimen in the lawn and garden, or placed promiscuously in the shrubbery border. Fine plants, 25 cents each; 3 for 65 cents; 12 for $2.00; strong plants, 50 cents each.

Buxus
(Ornamental Box.)

(Sempervirens)—Useful for edging and bordering walks, etc. A handsome shrub with deep green foliage. This is not a dwarf as the Sempervirens Nana, but we find it so much more vigorous and hardy that we advise planting this and trimming to height required. Fine for individual plants can be trimmed into any shape desired. 25 cents each; 3 for 65 cents; 12 for $2.00; $15.00 per hundred, by express at your expense.

Forsythia

GOLDEN BELLS (Virdissima).—This splendid shrub lights up your garden with glinting masses of yellow, very early in the spring, before leaves appear. The bark of the young twigs is bright green. 36 cents each; 3 for $95 cents; 12 for $3.50.

FORTUNE!—Brecht branches and handsome broad, dark green leaves. Fine for individual specimens. 35 cents each; 3 for 95 cents; 12 for $3.50.

Golden Elder

“Sambucus Nigra.” (Variegata Aurea.) Probably the most showy golden-leaved shrub. One of the finest shrubs for ornamental purposes. Foliage bright yellow with a profusion of berries. Gives a tone of contrast to any shrubbery planting. 60 cents each; 3 for $1.30; 12 for $5.00.

Bush Honeysuckle
HONEYSUCKLE, TARTARIAN (Rosea)—The favorite old-fashioned Bush Honeysuckle with slender upright branches. Pink flowers. 50 cents each; 3 for $1.30; 12 for $5.00.

HONEYSUCKLE, TARTARIAN, (Alba).—A white flowering form of the above. 50 cents each; 3 for $1.30; 12 for $5.00.
The King of All Shrubs.

THE NEW HYDRANGEA ARBORESCENS

GRANDIFLORA ALBA

Hills of Snow
The Most Valuable Hardy Shrub Ever Introduced.
Plant in the Fall.

This is the great new hardy shrub that has come to gladden our
yards and gardens. We place it first and foremost of all shrubs.
It makes a perfectly round, symmetrical bush that is covered from
June to August with handsome, large, pure white flowers. Be sure
and plant this new Hardy shrub—it will please you greatly. Young
plants, 25 cents each; 3 for 65 cents; 12 for $2.00; strong two-year plants, 60 cents each.

Hydrangea Paniculata Grandiflora

A great favorite, and there is nothing finer or more showy,
whether for planting in large masses in parks or for single plants on
the smallest lawns. Blooms profusely from July until frost, in immense white panicles, tinted with pink and then with brown in the
fully matured flower. The plant should be cut back each spring
fully one-half of the past season's growth, as the flowers are much
finer if the plant is treated in this manner. The flowers are much
fine and larger if grown in a good, rich soil, but the plant is so
hardy and so easily grown that success is almost certain in any
kind of soil and in any situation. Strong flowering plants, for
immediate effect, two years old, 50 cents each; 3 for $1.30; 12 for $5.00.

Spirea—Meadow Sweet

These are beautiful shrubs of the easiest culture. Their blooming extends over a period of three months. One-year, 25 cents each; 3 for 65 cents; 12 for $2.80; strong two-year-old plants, 60 cents each.

ANTHONY WATERER—This beautiful gem makes a low, compact bush and is covered nearly the whole growing season with large umbels of deep crimson flowers which measure nearly a
foot across. When scarcely three inches high it begins to bloom,
and thereafter is seldom out of flower. As a pot plant or for growing in the open ground, nothing can equal it.

VAN HOUTTEI (Bridal Wreath)—Without doubt the very finest of all shrubs. With us in May and early in June the plant
is completely covered with a mass of large white flowers presenting a beautiful appearance. Named the "Bridal Wreath" on account of its long graceful sprays of pure white.

Snowball—Viburnum

(Viburnum Opulus Sterilis)

(Guelder Rose)—A well known favorite shrub of large size
with globular clusters of pure white flowers. The Snowball of our
mothers' gardens. Blooms in May. 50 cents each; 3 for $1.30; 12 for $5.00.

Viburnum Plicatum,

Japanese Snowball

Handsome, plicated leaves with globular heads of pure white
flowers, early in June. No shrub is prettier. 75 cents each; 3 for $2.00; 12 for $7.00.
HARDY DECIDUOUS SHRUBS—Concluded

Philadelphus or Syringa

“MOCK ORANGE”

BOUQUET BLANC—Dwarf growth with long, slender branches densely covered from base to top with sweet-scented double flowers of creamy-white. In fact, the flowers are borne in such great profusion as to totally obscure the plant. Spicy fragrance. 35 cents each; 3 for 95 cents; 12 for $3.50.

NEW PHILADELPHUS (“Virginal”)—One of the most beautiful new every-blooming varieties. This is the new Philadelphus which is being used so much in hedge planting. It also makes wonderful individual specimen plants on the lawn. A vigorous, tall grower with very large double-crested flowers, with round petals. Pure white, sweetly scented; clusters of five to seven. Good strong plants, 50 cents each; 3 for $1.30; 12 for $5.00.

PHILADELPHUS-AUREUS (Golden Syringa)—Valuable for contrastive grouping and the best golden-leaved shrub for edging on account of its dwarf nature. 50 cents each; 3 for $1.30; 12 for $5.00.

CORONARIUS (Garland Syringa)—Pure white flowers, highly scented. 35 cents each; 3 for 95 cents; 12 for $3.50.

GRANDIFLORUS (Large-Flowered Syringa)—Has very showy large white flowers, delicate fragrance. 35 cents each; 3 for 95 cents; 12 for $3.50.

Snowberry

(Symphoricarpos Racemosus)—An excellent shrub for massing under trees and in shaded places, as well as in full sunlight. Very ornamental in the Fall; has a small white or pinkish flower, succeeded by showy white berries. 40 cents each; 3 for $1.00; 12 for $3.65.

Weigelia—Diervilla

They produce in June and July superb large trumpet-shaped flowers that almost hide the plant. They are very desirable for the border or for grouping, and as specimens on the lawn. 50 cents each; 3 for $1.30; 12 for $5.00.

CANDIDA—A vigorous, erect grower; flowers pure white and produced in great profusion in June, and the plants continue to bloom through the summer, even until autumn.

EVA RATHKE—A charming Weigelia flower, brilliant crimson. A beautiful, distinct, clear shade.

ROSEA—An elegant shrub with fine rose-colored flowers; erect, compact growth. Blossoms in June.

MELROSEINE

DEATH TO

ROSE-BUGS

Many exasperated rose-lovers, seeing the best blooms of their pet roses destroyed by this oiler-plate bug, have wished death to him and all his family. When sprayed with Melroseine he dies. This definite specific for the Rose-Bug is the outcome of many years of patient investigation by a professional gardener. Keeps indefinitely. It should be on hand in every garden as insurance against the ravages of the Rose-Bug. A small sum per plant expended for Melroseine will protect them against this pest, and will also kill minor insects.

PRICE LIST OF MELROSEINE

Per gallon, $6.00; per one-half gallon, $3.25; per quart, $1.75 per pint, $1.00.

By express at purchaser’s expense.
VELVET SOD LAWNS GRASS
Composed of a variety of fine, dwarf, close-growing grasses, which, on properly prepared, finely pulverized ground, will produce very quickly a neat velvety lawn and permanent sod. Has given universal satisfaction for the past twenty-five years. 30 cents per quart.

Stim-U-plant
PLANT STIMULANT TABLET
An All-the-Year-Fertilizer for Garden and House Plants
Growers of fine flowers, shrubs and vegetables for the best markets and for exhibition, fertilize and stimulate them frequently, a little at a time. An excellent fertilizer for this purpose is Stim-U-plant, an odorless, highly concentrated plant-food, in tablet form, with guaranteed chemical analysis of 11 per cent nitrogen, 12 per cent phosphoric acid, 15 per cent potash. The proportions are accurate, there is no wasted filler, and in this form you apply plant-food exactly when and where and as needed.

Make Your Garden a Wonder Garden
These tablets increase production, heighten color and improve quality immediately. Many professional and amateur growers use them extensively all the year round—from early spring until late fall outdoors, during the winter for pot plants, hot-house benches, etc. They are as fine for evergreens and other trees as for all garden and potted plants.

Easy to Use
Simply insert tablets in soil near plants, or dissolve in water at the rate of four tablets to the gallon and apply as liquid manure. Complete directions with every package.

Order Stim-U-plant tablets with your seed and plant order. Price, Trial size, 15 cts., small size, 25 cts.; 100 tablets, 75 cts., 1.000, $3.50.

Rose and Plant Sprayer
$1.00 EACH

Thompson's Rose Nicotine
THOMPSON'S ROSE NICOTINE is up in sixty-cent (makes one and one-half gallons spray) and eighty-five-cent (makes six gallons) cans, and the FUMIGATOR is put up in forty-cent packages. The Fumigator can be used to fumigate plants to kill insects. Can only be sent by express at above prices; we pay preage. Trial size 25 cents.

DO NOT FORGET TO SEND FOR OUR BOOK
"Peonies for Pleasure"
It tells all about a great collection of these wonderful flowers. Write for it today.

Our Fall Catalog of Dutch Bulbs
and everything for Fall Planting will be mailed all our customers about September 1st. If you do not get a copy drop us a card.

Garden Implements
RUBBER PLANT SPRINKLER—Indispensable for floral work and window gardening. Used to apply Thompson's Rose Nicotine. Invaluable when once tried. Used for damping clothes or sprinkling in any way. $1.50.
TROWEL, SOLID STEEL—Absolutely the best Trowel in the world. One solid piece of steel, and will outwear several of the ordinary sort. 75 cents. Prepaid.
EXCELSIOR WEEDER—A very useful little tool for weeding seed beds, stirring the ground, etc., 25 cents, postpaid.

Simplicity Hedge Pruner and Trimmer
No. 1—For Fresh New Growth Only.
This trimmer was designed and built to meet and satisfy the demand of thousands, who have hedge of some sort around their homes.

The SIMPLICITY is the only trimmer successfully demonstrated and proved to be a wonderful advancement over the old-style hedge shear.

No experience necessary to cut a first-class job. Think of it! With each complete movement of your hands you actually save seventeen blistering tiresome "snips" or "whacks" the old hedge shear way.

The trimmer is to be used only for cutting the new growth. Do not use it for cutting second year growths or pruning.

With its perfect balance it really seems to work almost automatically; for, besides SIMPLICITY'S two-pound weight and twelve-inch width, it has 19 big, safe, keen teeth, cutting cleanly both when opening and closing.

And that's just why the SIMPLICITY HEDGE TRIMMER is making thousands of new friends at this season of home hedge-trimming.

SIMPLICITY'S are made of the Finest High Grade Carbon Steel and will give you long service and satisfaction. Price, $5.00.

No. 2—For pruning back old growth and trimming new This implement is the acme of perfection, and far in advance of the present day Pruner or Lopping Shears.

To anyone who has ever pruned or lopped hedge or shrubbery with the old-fashioned pruner or lopping shears, there is no need to point out the revolution that came with this great invention, The SIMPLICITY PRUNER or LOPPING TRIMMER.

With the SIMPLICITY you can actually do as much work in one hour as you formerly did in four hours with the old-style pruner or lopping shears.

SIMPLICITY cuts both opening and closing. Think of it! What a time and every saver this is, with each complete movement of your hands you save 29 jolting, blistering and tiresome whacks the old pruner or lopping shear way.

It seems to work almost automatically and you must actually try it to realize how easy it works.

With its perfect balance and only three pound weight, besides SIMPLICITY'S sixteen inch width, it has 31 big safe, keen fluted teeth, cutting cleanly both when opening and closing.

The SIMPLICITY PRUNER TRIMMER can also be used for trimming with excellent results. Many home users have chosen it to do all their trimming.

Price, $7.50.

MY BARGAIN COLLECTION OF CHRYSANTHEMUMS

Clementine Touset—The most wonderful of all white "Mums." Pure snow-white, often flushed pink; of immense size 20c

Early Snow—The earliest of all white "Mums." Superb. 20c

Harvard—Japanese reflexed, very dark crimson; extra. 25c

Louis Boehmer (Ostrich Plume)—A most beautiful shade of lavender-pink. 20c

Miss Minnie Bailey—One of the grandest all pink Chrysanthemums. In finish it is exquisite, showing not the slightest trace of coarseness. 20c

October Frost—Purest snow-white; fairly glistens in its purity. 20c

Oconto—Large white blooms; on strong stems. 20c

Pacific Supreme—This grand variety has literally leaped into popularity. Flowers are so large as to startle you. The color shades from lavender-pearl to the richest pink. 20c

Rio de Italia—Flowers of mammoth size and deep golden-yellow; really a wonder. 20c

Silver Wedding—White with a slight pink tinge; ball shaped; extra fine. 20c

Tints of Gold—Has the coloring of a beautiful golden sunset. 20c

Unaka—A fine incurved bloom of a pleasing shade of pink. 20c

The above collection costing $2.45 sent for $1.50
